

# Notification – Orchard Hills

7 August 2023

Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23-kilometre new railway will connect the Western Sydney Aerotropolis in the south with St Marys in the north – where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

CPB Contractors Ghella are completing the station boxes and tunnelling works for Sydney Metro – Western Sydney Airport.

## Out-of-hours work

Work to install hoarding along the boundary of the Sydney Metro Orchard Hills site will be carried out on the M4 Smart Motorway Kent Road exit ramp, Orchard Hills. Please see the map overleaf for the work location. The work will be carried out between **8am and 5pm 14 August 2023**, weather and site conditions permitting.

## What to expect:

- Work activities will generate low impact noise. Mitigation measures will be in place to minimise these impacts including noise monitoring, noise blankets and directing any lights away from residential properties
- Increased personnel and vehicle movements in and around the work area.

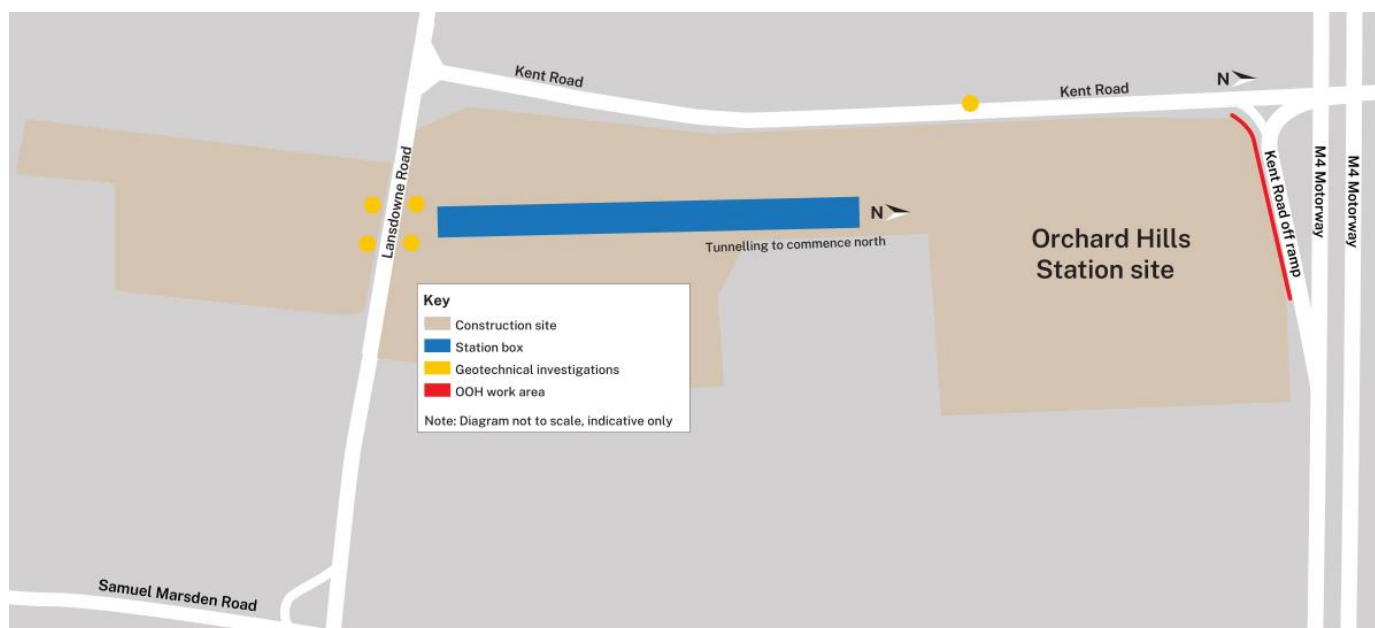

## Equipment used:

Equipment includes but not limited to grinder, impact drill, manual hand tools, light vehicles and use of head torches.

## Changes to traffic, pedestrian and cyclist routes:

During the work, traffic control and signage will be in place to assist motorists, pedestrians and cyclists with any changes to traffic conditions. This may include intermittent lane closures and stop-slow traffic controls. The times of these changes will vary and are dependent on road authority approvals.

## Out-of-hours work hours location:

## Feedback:

We invite your feedback on appropriate respite periods or mitigation measures that may be required for your specific circumstances. Contact your local Place Manager, Michelle to discuss your preferences or to be added to the distribution list to receive these updates by email.

CPBG's Community Communications Strategy is available online at [www.cpbcontractors.cc/SBTstrategy](http://www.cpbcontractors.cc/SBTstrategy). Contact us to provide feedback on this plan.
