

Work notification – Barangaroo Station

November 2023

Sydney Metro is Australia's biggest public transport project

Services started in May 2019 in the city's North West with a train every four minutes in the peak. Metro rail will be extended into the CBD in 2024, with new metro railway stations at Crows Nest, Victoria Cross, Barangaroo, Martin Place, Pitt Street and Waterloo and new metro platforms at Central, and then onto Bankstown in 2025.

BESIX Watpac is building the new Barangaroo Station, including delivering the station fit-out and associated landscaping and civil works, including the re-alignment of Hickson Road.

Systems Connect (an unincorporated joint venture between CPB Contractors and UGL Limited) is delivering line-wide work, which includes installing metro rail track, power systems, communications, and infrastructure to turn the excavated tunnels into a working railway between Chatswood and Sydenham.

Upcoming utilities work on High Street

On Tuesday 14 November, between 8am and 12pm, the power line connecting the street lights on Hickson Road to the mains will be disconnected from an electricity pole on High Street. During the work, four parking spaces will be occupied on High Street, as shown on the map on page 2, to provide a safe working zone.

Vehicle and pedestrian access will be maintained at all times throughout the work, with traffic controllers in place to direct pedestrians. The parking spaces will be returned to the community after the completion of this work. We do not expect this work to be noisy.

What to expect

- Cones will be placed in position 24 hours in advance to indicate the section of the road that will be unavailable for parking. **Please ensure vehicles are moved before works start at 7am.**
- Pedestrian access on High Street will be maintained at all times, with traffic controllers managing pedestrian movements.
- Equipment to be used includes traffic control vehicle, an elevated working platform and hand tools.
- Upon completion of the work, High Street parking will be reinstated.

Map of work location and parking restrictions

Thank you for your cooperation while we complete this essential work.
