

Notification – Luddenham Road, Luddenham Roundabout - Out-of-hours work continuing

5 December 2023

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23-kilometre new railway will connect the Western Sydney Aerotropolis in the south with St Marys in the north – where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

CPB Contractors and United Infrastructure Joint Venture (CPBUI JV) are completing the surface and civil alignment works contract for Sydney Metro – Western Sydney Airport.

Work on Luddenham Road will include:

- Construction of a roundabout to connect Luddenham Road with the access road for the future Luddenham Station
- Relocation and removal of work zone fences and safety barriers
- Asphalting of new road surface and concreting of kerbs and gutters
- Installation of line marking, signage, and lighting
- Operation of heavy vehicles and machinery
- Restoration and landscaping of the area on completion.

What to expect:

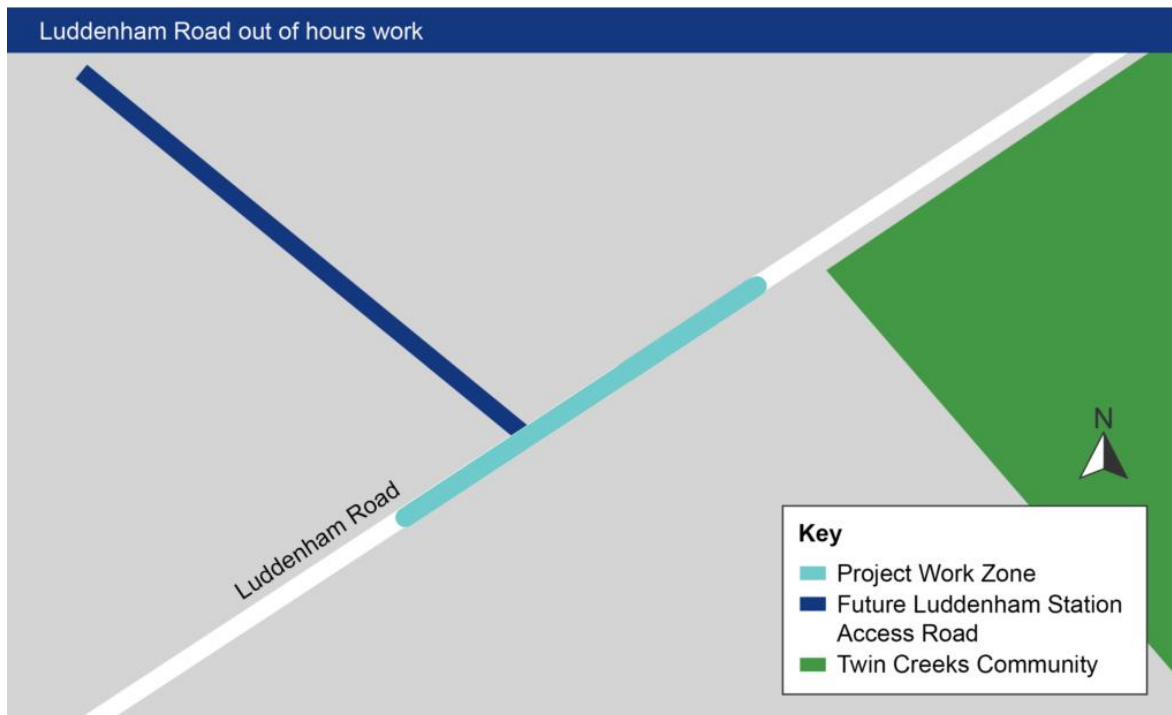

- Work was scheduled to be completed by Saturday 9 December 2023 however, due to unforeseen weather events, construction has been delayed
- Out-of-hours work will continue from the week commencing **Monday 11 December 2023** to **22 December 2023**, weather depending
- To ensure safety and efficiency, work will be conducted up to **five nights a week** between **7am Monday** through to **6pm Saturday**
- Temporary single lane closures, traffic control and a reduced speed limit
- An increase in heavy vehicles and machinery at this location

Equipment used:

Equipment for this work includes but is not limited to survey equipment including excavator, backhoe, hand tools, trucks, water carts, lighting towers, portable traffic lights, light and heavy vehicles.

Please see map below showing the work location.

Luddenham Road Project Zone

A Detailed Noise and Vibration Impact Statement (DNVIS) for the area has been prepared, including proposed mitigation measures such as noise reduction devices fitted to plant and equipment, turning off plant, machinery and vehicles when not in use, based on the DNVIS noise modelling. For further information on the modelling and mitigations, please contact the CPBUI community team on **1800 717 703** or sydneymetrowsa@transport.nsw.gov.au CPBUI's Community Communication Strategy is also available online at www.cpbcontractors.cc/SCAWstrategy (community).

Thank you for your cooperation while we complete this important work.
