

Temporary detour notification and out-of-hours work

Closure of Clarke Street between Hume Street and 20 Clarke Street – Monday 11 December 2023

Sydney Metro is Australia's biggest public transport project.

Services started in May 2019 in the city's North West with a train every four minutes in the peak. Metro rail will be extended into the CBD in 2024, with new metro railway stations at Crows Nest, Victoria Cross, Barangaroo, Martin Place, Pitt Street and Waterloo, and new metro platforms at Central, and then onto Bankstown in 2025.

A W Edwards is building the new Crows Nest Station. Rail track installation and the stations main structural works are now complete and fit out and exterior works are progressing.

Clarke Street station awning installation

Work to install the first of seven station awnings will occur on Clarke Street **Monday 11 December** (weather permitting). This activity will occur during standard construction hours (**7am to 6pm**) and will be noisy at times as we will be using rattle guns to install the awning. **Noisy activities will be scheduled to occur 8am to 12pm and 2pm to 6pm.** Set up and pack down activities will occur 6am to 7am and 6pm to 7pm.

Due to the size of the awning, it will be delivered to Clarke Street in the early hours of the morning (between **4am and 5am**) via an over-size-over-mass transportation vehicle. Four parking spaces will be removed along Oxley Street to assist with the vehicle turning and reversing up the roadway. They will be returned after this activity occurs.

Two large mobile cranes will also be delivered and set up on Clarke Street adjacent to the Site C building between, and there will be an increase in vehicle movements to and from the crane set-up area. **Four on-street parking spaces will be unavailable** adjacent to 22-26 Clarke Street to facilitate a U-turn bay for vehicles, and sections of the footpath will be closed. Pedestrian and vehicle detours will be in place.

Access

Clarke Street between Hume Street and 20 Clarke Street will be closed from 7am to 6pm and access to **Hume Street** (east of Clarke Street) **will be closed between 7am and 8am** to support preparation work. This means there will be no through access along Clarke Street for general motorists travelling north from Willoughby Road to Oxley Street. There will also be no access for general motorists to Clarke Street via Oxley Street.

Motorists travelling north down Clarke Street will be detoured via **Hume Lane 7am to 8am and Hume Street 8am to 6pm.** Access for residents, businesses and their customers will be maintained on each side of the closure.

The kiss and drop zone in front of Kelly's Place Childrens Centre located at the northern end of Clarke Street between Oxley Street and 20 Clarke Street will remain in place. Business tenants, customers and kiss and drop users accessing the street by car are asked to inform traffic controllers where they are headed when approaching

the street. Business customers are encouraged to use the Hume Street car park on this day as parking will be limited.

Contingency date

In the event this work cannot be carried out on Monday 11 December, works will occur Tuesday 12 December or the next possible day thereafter. We will send you an email or SMS update should work be rescheduled. If you have not already done so, **please provide us with your email address or mobile number so we can let you know.**

Map depicting work area and access arrangements

Legend

- Crows Nest Station site work area
- Delivery lane work area and associated lane and footpath closures
