

Notification – Tower crane installation

December 2023

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

What work are we doing?

In early December, we're building a tower crane inside our Pyrmont East site to allow us to continue site establishment. The tower crane will lift materials into place to build the steel platforms and our acoustic shed ahead of tunnelling activities in 2024.

Work to build the tower crane is scheduled between **6am and 6pm on Saturday 9 December and Sunday 10 December 2023**. There will be a lane closure on Pyrmont Bridge Road for the duration of the work.

The tower crane will be in place for approximately six months. During this time, ongoing lane closures on Pyrmont Bridge Road will be required for deliveries to be loaded and unloaded into the worksite.

Activities will involve:

- Deliveries of oversized machinery and equipment
- Temporary road lane and footpath closures on Pyrmont Bridge Road
- Lifting materials into place using a mobile crane
- Using equipment such as hand tools including rattle guns
- Periods of increased noise.

This work is subject to weather conditions and will be rescheduled to the following weekend if required.

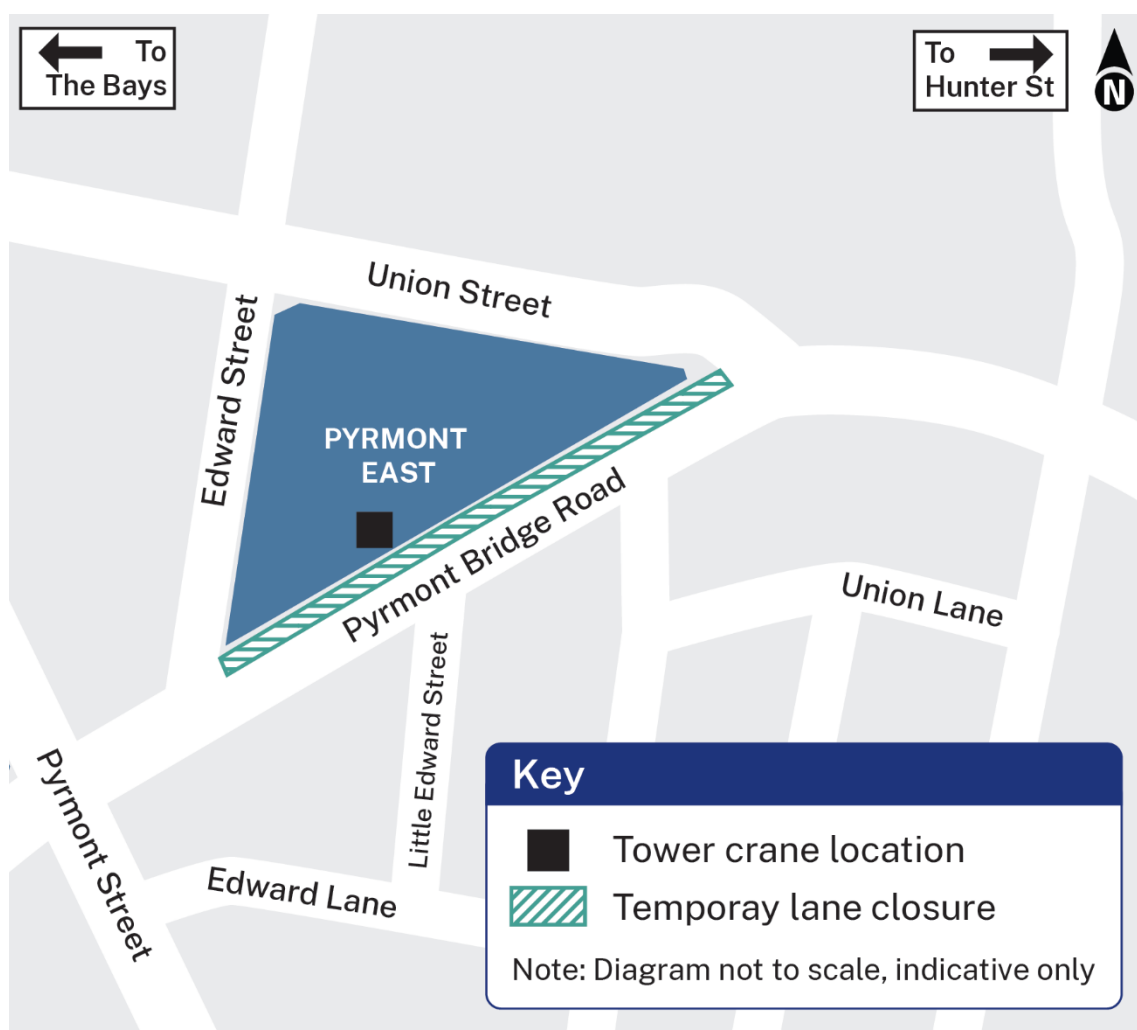

Contact us

Please contact JCG Community team on **1800 612 173** if you have any questions or would like to provide feedback about the work.

We will continue to keep you updated on the progress of work in your area. If you would prefer to receive updates by email, please send a request to MetroTunnelsJCGJV@transport.nsw.gov.au and we will add you to the distribution list.
