

Out-of-hours work lookahead – Burwood North

April – June 2024

Sydney Metro is Australia's biggest public transport project

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

Acciona Ferrovia Joint Venture (AFJV) has been awarded the contract to deliver 11 kilometres of twin metro rail tunnels between The Bays and Sydney Olympic Park and excavate five new metro stations, including Burwood North Station.

Out-of-hours work lookahead

Some activities such as utility investigation work or work on busy roads must be carried out at night to minimise impacts on traffic and for the safety of workers, motorists and pedestrians. Please see below an overview of potential out-of-hours construction work within and around the Burwood North Station site for the next three months.

Activity	Location	Noise Impact	April 2024	May 2024	June 2024
Utilities treatment and driveway construction	Parramatta Road westbound near Burwood Road and eastbound near Loftus Street	High	Up to 10 nights	Up to 10 nights	Up to 10 nights
Road restoration	Parramatta Road between Burwood Road and Loftus Street	High	-	-	Up to 4 nights
	Loftus Street between Parramatta Road and Gipps Street		1 night	1 night	-
	Burwood Road between Burton Steet and Esher Lane		3 nights	1 night	-
Drainage repair	Burwood Road near Neichs Lane	High	-	-	Up to 6 nights
Oversize plant and equipment deliveries	Construction site	Low	Up to 6 nights	Up to 6 nights	Up to 6 nights

Activity	Location	Noise Impact	April 2024	May 2024	June 2024
Environmental management and emergency work	Construction site				Only required in case of emergency

Please note multiple activities will occur on the same nights. We plan to carry out work in one area for no more than three nights per week, with only two consecutive nights per week and no more than ten nights per month.

Mitigation measures

Depending on the type of work and expected impacts, a range of mitigation measures may be used such as completing the noisiest work before midnight, installing noise blankets around the worksite, implementing respite periods or providing alternative accommodation.

The project team will liaise with directly affected residents to provide more information and discuss mitigation options before the work. Separate notifications will be issued for all out-of-hours work activities.

Feedback and enquiries

If you have an enquiry or would like to provide feedback about the work, including appropriate respite periods, please contact the AFJV community team on [1800 612 173](tel:1800612173) or metrotunnelsAFJV@transport.nsw.gov.au
