

# Notification – Luddenham Road, Luddenham

13 May 2024

## Sydney Metro is Australia's biggest public transport project.

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23-kilometre new railway will connect the Western Sydney Aerotropolis in the south with St Marys in the north – where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport opens for passenger services.

CPB Contractors and United Infrastructure Joint Venture (CPBUI JV) are completing the surface and civil alignment works contract for Sydney Metro – Western Sydney Airport.

Due to weather conditions last week, we have rescheduled works for **Tuesday 14 March 2024**. Work will include installation and removal of traffic speed limit signage on Luddenham Road.

## What to expect:

- Work will be completed during standard construction hours **Monday to Friday, 7am to 6pm** and **Saturday, 8am to 1pm**.
- Work for the extension of 60km/h Speed Zone between Twin Creeks Drive and 564 Luddenham Road, including installation and removal of traffic speed limit signage on Luddenham Road. This work requires **one working day** between **14 May to 17 May**, during standard construction hours
- Workers on foot installing new signage and painting speed limits on road
- Please refer to maps overleaf for work locations.

If you have any questions or would like to provide feedback regarding these works please contact **Catherine** your Community Place Manager on our 24-hour community information line **1800 717 703** or email [sydneymetrowsa@transport.nsw.gov.au](mailto:sydneymetrowsa@transport.nsw.gov.au).

## Equipment used:

Equipment for this work includes but is not limited to traffic control equipment, truck mounted attenuator (TMA), truck with arrow board, ERSED management equipment, non-intrusive utility scanning equipment, hand saw, jack hammer, Non-Destructive Digging Truck, Hand power tools, Line marking kit, spray truck, paint grinder.

## Changes to traffic, pedestrian, and cyclist routes:

During the work, traffic controllers and signage will be in place to safely assist motorists, pedestrians, and cyclists around work areas. Access to driveways and buildings will be maintained.
