

Monthly update – Parramatta

22 November 2024

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

Gamuda Australia and Laing O'Rourke Consortium (GLC) has been awarded the contract to deliver nine kilometres of twin metro rail tunnels between Westmead and Sydney Olympic Park, excavation for two new metro stations, a stabling and maintenance facility at Clyde and a precast facility at Eastern Creek.

Construction activities: December 2024

Tunnelling contractor, GLC will continue major construction at the Parramatta metro station site during December. These activities will be carried out during standard construction hours:

- **Monday to Friday 7am to 6pm and Saturday 8am to 6pm**

Work will involve:

- Archaeological investigations and backfilling of areas once complete.
- Removing concrete sections and piles in stages with saw cutters and jackhammers.
- Delivering and removing machinery, equipment, and materials via George Street.
- Constructing and excavating the future station box including rock hammering, concreting, steel bracing installation, waterproofing, lining and support work.
- Geotechnical investigations and utility investigations and upgrades within and around site.
- Ongoing surveying within and around the site.
- Aerial drone filming on-site. This will be in line with Civil Aviation Safety Authority guidelines.
- Internal cleaning of a Heritage building on George Street with small plant and equipment.

Out-of-hours work

To minimise interruption to local traffic and to ensure the safety of motorists, pedestrians and workers around the site, some work must be undertaken outside standard construction hours.

Out-of-hours work will involve:

- Waterproofing and lining the tunnel nozzles within the station box **24 hours a day, Monday to Sunday** until January 2025.
- Oversized machinery and equipment deliveries to the site between **6pm and 7am from Sunday 1 December to 31 December 2024, excluding public holidays.**
- Geotechnical investigations between Marsden and Church Street and within site boundaries between **6pm and 7am from Sunday to Thursday has been extended until late December 2024** due to program rescheduling, see map for details.

Work at the Parramatta metro station site will continue over the holiday period, excluding public holidays.

We will continue to keep you informed of our progress and planned out-of-hours work. To know more, register your details to receive weekly email updates at metrotunnelsGLC@transport.nsw.gov.au.

Out-of-hours activities are in line with Road Occupancy Licences; and Transport for NSW requirements to work in the road corridor and for the movement of oversized vehicles.

What to expect

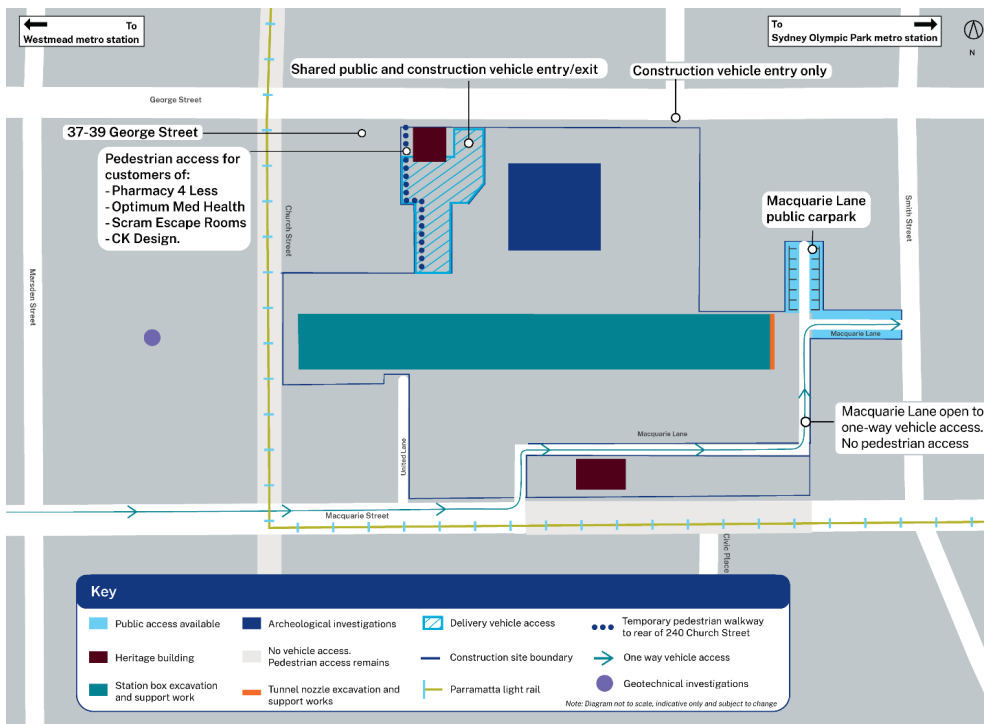

- Some activities will generate noise and vibration, but this will be minimised as much as possible.
- Access to businesses will be maintained unless arrangements are made with you in advance.

Changes to traffic, pedestrian and cyclist routes

- Temporary signage and traffic control to assist motorists, pedestrians, and cyclists with changes to traffic conditions. Allow some extra time for your journey when travelling near these areas.

Equipment used: Equipment for this work will include but is not limited to hand tools, cranes, generators, truck and dogs, survey equipment, light vehicles, drill rigs, excavators, rock hammer, dozers, vibratory rollers and compactors, concrete agitators, vacuum excavation trucks, tipper trucks, delivery vehicles, fencing, road saw and traffic control devices.

Parramatta metro station work area

Out-of-hours work over the next three months is detailed in the table below.

Activity	Location	Noise impact	January	February	March
Waterproofing and lining within the station box	Within site	Low to medium	●		
Oversized machinery and equipment deliveries/removal	Entry via George Street	Low to medium	●	●	●

Contact us

Please contact GLC's Community team on **1800 612 173** or by email if you have any questions, if you have any questions, complaints or would like to provide feedback about the work, including respite periods. We will continue to keep you updated on the progress of work in your area. If you would prefer to receive updates by email, please send a request to metrotunnelsGLC@transport.nsw.gov.au and we will add you to the distribution list. Thank you for your cooperation while we complete this essential work.
