

Monthly update – Five Dock

23 May 2025

Sydney Metro is Australia's biggest public transport project

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

Acciona Ferroviaria Joint Venture (AFJV) has been awarded the contract to deliver 11 kilometres of twin metro rail tunnels between The Bays and Sydney Olympic Park and excavate five new metro stations including a station at Five Dock.

Work during June

With tunnelling and construction of the station box now complete, some minor close out and restoration work will continue into early June. This will include:

- Removal of materials and equipment from both sites, installation of fencing and other remedial work.

Unless otherwise stated, this work will be carried out during standard construction hours:

- Monday to Friday 7am – 6pm and Saturday 8am – 6pm

There are no out-of-hours works planned during June.

Equipment used

Equipment used for this work includes but is not limited to: crane, sweeper, hand tools, trucks and light vehicles.

Changes to traffic, pedestrian, and cyclist routes

During the work, traffic control will be in place to assist motorists, pedestrians, and cyclists with any changes to traffic conditions. This may include contraflow lanes, stop-slow traffic controls to assist with truck movements, oversized deliveries and temporary lane or footpath closures.

Contact us

Please contact the Sydney Metro community team on **1800 612 173** if you have any questions, complaints or would like to provide feedback about the work. If you would prefer to receive updates by email, please send a request to sydneymetrowest@transport.nsw.gov.au and we will add you to the distribution list. Thank you for your cooperation while we complete this essential work.
