

# Monthly update - Hunter Street (Sydney CBD)

June 2025

John Holland CPB Contractors Ghella Joint Venture (JCG) has been awarded the contract to deliver 3.5 kilometres of twin metro rail tunnels between The Bays and Hunter Street and excavate the Pyrmont and Hunter Street metro stations.

Shaft excavation and site establishment activities will continue at Hunter Street East and West in June.

At Hunter Street East, demolition of the existing site facilities and acoustic shed is ongoing. At Hunter Street West, we'll complete piling work to support the construction of a site work platform.

Permanent lining work in the Hunter Street Station cavern and turnback tunnels will continue underground.

## What work we're doing in June

- Delivery and removal of materials, plant and equipment to and from Hunter Street East and West
- Demolition of existing site facilities and acoustic shed foundations
- Shaft excavation using excavators with rock hammers
- Construction of work platforms to support shaft excavation
- Installation and removal of scaffold and hoarding
- Installation of site facilities, including water treatment plant at Hunter Street East

- Ground and building support activities including installation of support walls and rock anchoring
- Site establishment activities including piling, formwork, welding, steelwork, concrete deliveries and pours
- Temporary storing of plant and equipment along site perimeters
- Temporary road, lane, and footpath closures
- Operation of concrete trucks and support vehicles
- Use of crawler and support cranes
- Utility identification, relocation, and disconnection work
- Low impact site surveys and monitoring work
- Constructing permanent lining of the tunnels including waterproofing, steel and concrete work
- Detailed excavation in the turnback and support tunnels using a rock hammer may occur

## When and where we'll be working

We'll be working at our Hunter Street East and West sites, and across the CBD seven days a week. Construction hours for the sites are **7am – 8pm Monday to Sunday**.

Some above ground work is required outside of these construction hours to minimise impacts on traffic and to ensure the safety of pedestrians, motorists and workers. If required, out-of-hours work will occur in the CBD between **6pm and 7am Monday to Saturday**.

Tunnelling and support activities are undertaken 24 hours per day, seven days a week.

## Above ground out-of-hours lookahead

Out-of-hours work will occur in the CBD between 6pm and 7am Monday to Saturday.

Below is a schedule of out-of-hours work at Hunter Street work over the next three months.

Activity	Jun	Jul	Aug
Low impact construction activities, surveys and monitoring	●●	●●	●●
Utilities investigations and relocations	●●	●●	●●
Delivery and removal of materials, plant and equipment to Hunter Street East and West	●●	●●	●●
Ground and building support activities	●●	●●	●●
Operation of concrete trucks, pumps and support vehicles	●●	●●	●●
Removal and installation of site hoarding	●●	●●	●●
Demolition of existing acoustic shed and site facilities	●	●	●
Site establishment activities and steel platform install to support excavation work	●●	●●	●●
Operation of crawler and support cranes	●●	●●	●●
Temporary road, lane and footpath closures	●●	●●	●●
Loadout of rubble and spoil	●●	●●	●●

Hunter Street East ● Hunter Street West ●

## Managing our impacts

We aim to manage our work to avoid impacts to the community and the environment. Both our Hunter Street sites are designed to minimise impacts.

This includes:

- Site planning and layout to reduce impacts
- Dust suppression measures such as water mister attachments, water cannons, wheel washing and scaffold mesh.
- Adhering to agreed respite breaks.
- Using noise blankets where feasible.

## Equipment used

Equipment used for underground work includes but is not limited to rock bolt rigs, shotcrete rigs, excavators with rock hammers, concrete trucks and pumps, dump trucks, cranes and light vehicles.

Equipment used for above ground work includes but is not limited to drill rigs, piling rigs, concrete trucks and pumps, excavators with rock hammer and pulveriser attachments, saw cutters, vacuum trucks, elevated work platforms, crawler and support cranes, fork lifts, hand tools including jack hammers, road saws and rattle guns, water cannons, temporary fencing, lighting towers, trucks, light vehicles, traffic control equipment and generators.

## Weekly email updates

Weekly email updates provide the latest information about upcoming work. If you'd like to receive these email updates, please send a request to [MetroTunnelsJCGJV@transport.nsw.gov.au](mailto:MetroTunnelsJCGJV@transport.nsw.gov.au) and we will add you to the distribution list.
