

Notification – Claremont Meadows Services Facility

Sydney Metro is Australia's biggest transport project.

July and August 2025

Sydney Metro – Western Sydney Airport is the new metro railway line which will service Greater Western Sydney and the new Western Sydney International (Nancy-Bird Walton) Airport. A city-shaping project, the 23-kilometre new railway will connect the Western Sydney Aerotropolis in the south with St Marys in the north – where customers can connect to the existing Sydney Trains suburban T1 Western Line. The NSW and Australian governments have a shared objective of having Sydney Metro – Western Sydney Airport operational when the airport open for passenger services.

Parklife Metro consortium is delivering the Stations, Systems, Trains, Operations and Maintenance (SSTOM) works.

July and August work activity includes:

- work within the tunnels between the future Orchard Hills Station and St Marys Station
- concreting works for the tunnels and shaft
- works on the surface and within the shaft for the Claremont Meadows Services Facility
- ongoing deliveries of plant, equipment and materials
- use of a gantry crane
- site photography, including using drone cameras over the construction site.

Work hours:

Most work will be carried out during standard construction hours **Monday to Friday 7am to 6pm** and **Saturday 8am to 1pm**. Some out-of-hours work activities will be carried out to mitigate quality and safety risks, and in line with the project Environment Protection Licence, Road Occupancy Licences, and Transport for NSW requirements. Surrounding residents and businesses will be notified in advance of any out-of-hours work.

Tunnelling support works are ongoing, **24 hours a day, seven days a week**.

Out-of-hours work in July and August includes:

- work within the tunnels between the future Orchard Hills Station and St Marys Station
- concreting works for the tunnels and shaft
- works on the surface and within the shaft for the Claremont Meadows Services Facility
- ongoing deliveries of plant, equipment and materials delivery, installation and use of a gantry crane.

What to expect:

- work activities will generate noise, vibration, dust. Mitigation measures will be in place to minimise these impacts including noise and vibration monitoring, respite periods and dust suppression
- worker and heavy vehicle movements in and around the work site.

Equipment used:

Includes (but is not limited to) traffic management devices, drone cameras, vacuum excavation vehicle, excavators with hydraulic attachment, heavy vehicles and trailers, drilling rig, bolting rig, shotcrete rig, roller, concrete agitators, concrete pumps, shotcrete pump, water carts, pneumatic drills, concrete saws, mobile cranes, elevated work platforms, bobcats, chain saws, power generators, compaction rammers, survey equipment, light vehicles, speciality survey vehicles, spoil trucks and earthworks equipment.

Three monthly out-of-hours lookahead activities:

Activity	Equipment	Work hours	Timing
SSTOM works			
Concrete works	Concrete trucks, shotcrete pumps, forklifts, elevated work platform towers, hand tools and heavy and light vehicles	24 hours a day, seven days a week	Ongoing
Oversized plant and equipment deliveries	Forklifts, mobile cranes, elevated work platforms, lighting towers, heavy and light vehicles	24 hours a day, seven days a week	Ongoing
Use of a gantry crane	Light and heavy vehicles, cranes, hand and powered tools, generators, and lighting towers	24 hours a day, seven days a week	Ongoing
Access for tunnel and cross-passage teams	Light and heavy vehicles	24 hours a day, seven days a week	Ongoing

Feedback:

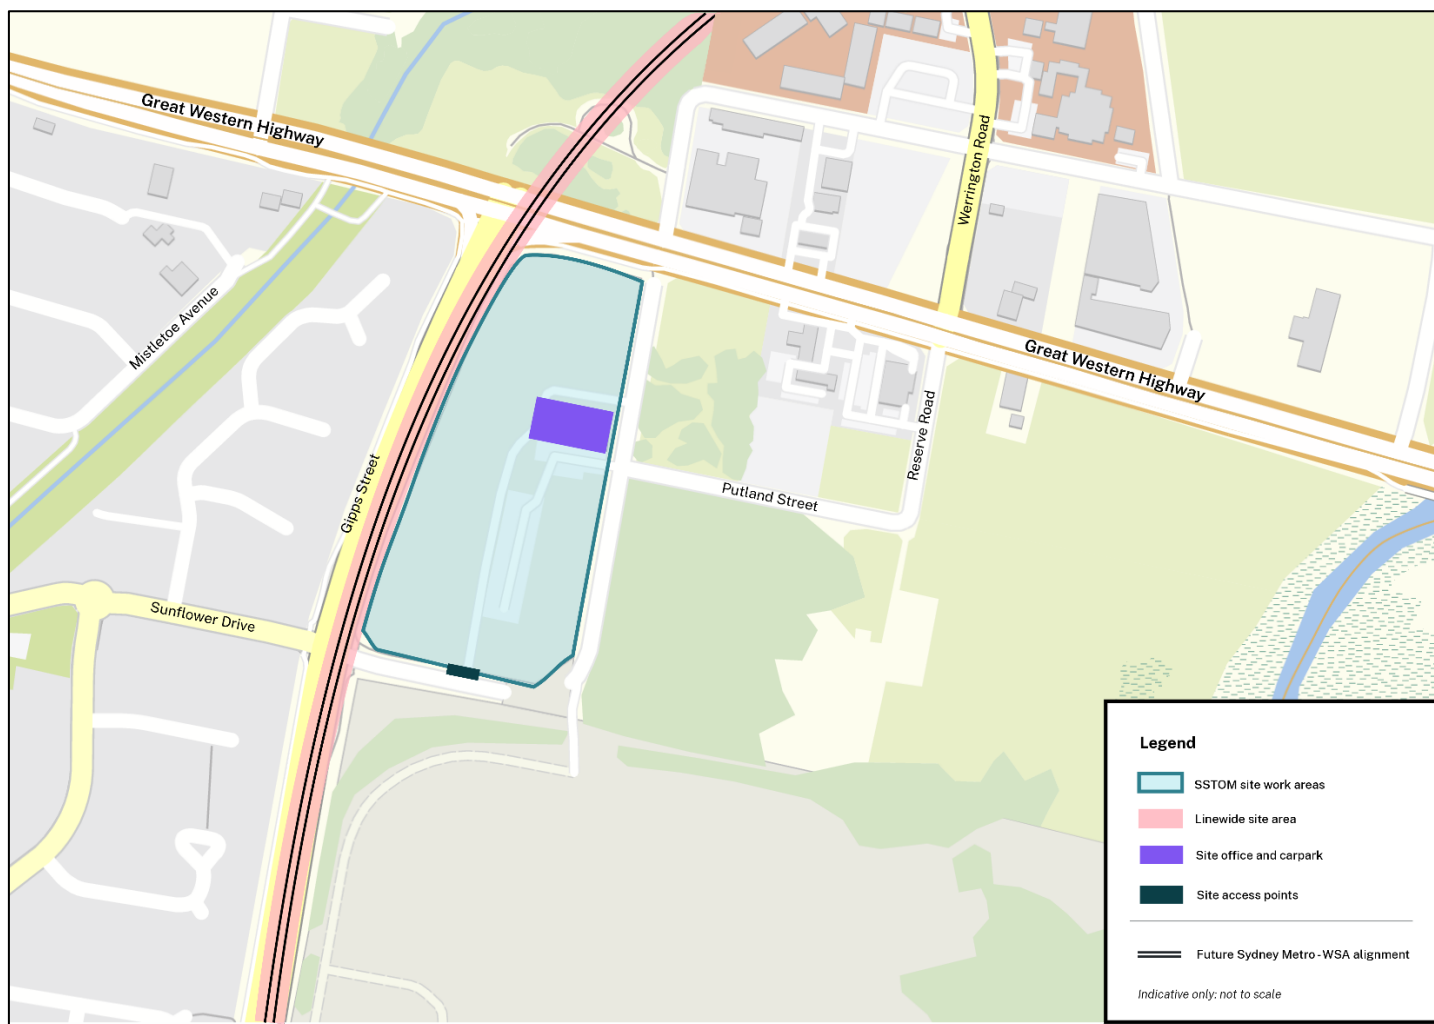

Detailed Noise and Vibration Impact Statements (DNVIS) have been prepared, including proposed mitigation measures based on noise modelling. Your feedback on appropriate respite periods or mitigation measures is encouraged. The SSTOM Community Communications Strategy is online.

Please visit www.parklifemetro.com.au to view these documents and contact us to provide any feedback.

If you would prefer to receive updates by email, please let us know via sydneymetrowsa@transport.nsw.gov.au and we will add you to the distribution list.

Thank you for your cooperation while we complete this essential work.
