

Cross passage work: James Craig Road, Rozelle

10 June 2025

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

John Holland CPB Contractors Ghella Joint Venture (JCG) has been awarded the contract to deliver 3.5 kilometres of twin metro rail tunnels between The Bays and Hunter Street and excavate the Pyrmont and Hunter Street metro stations.

Cross passage work: near James Craig Road, Rozelle

The excavation work for the cross passage beneath your property has reached 60% completion. We have excavated approximately 194bcm and removed 485 tonnes of rock material.

Excavation works will continue over the next two weeks and is expected to be completed within this period. The graphic above shows the progress of these works.

Image below was taken inside the tunnel during cross passage excavation works.

Cross passage construction activities

- Drilling, saw cutting and installing ground support
- Excavating the cross passage using a rock hammer
- Installing waterproofing and concrete lining
- Removing excavated material via The Bays site

Work hours

- Cross passage construction work will occur 24 hours a day, 7 days per week
- Hammering work will occur between 8am to 6pm Monday to Friday and 8am to 1pm on Saturdays

What to expect

- Some vibration and ground borne noise may be experienced during cross passage construction work
- The noise is less noticeable during the day when traffic, household or office noise levels are higher
- You may notice tunnelling surveyors taking readings from ground monitoring devices previously installed, located on roadways, footpaths and buildings in your area

Equipment and machinery

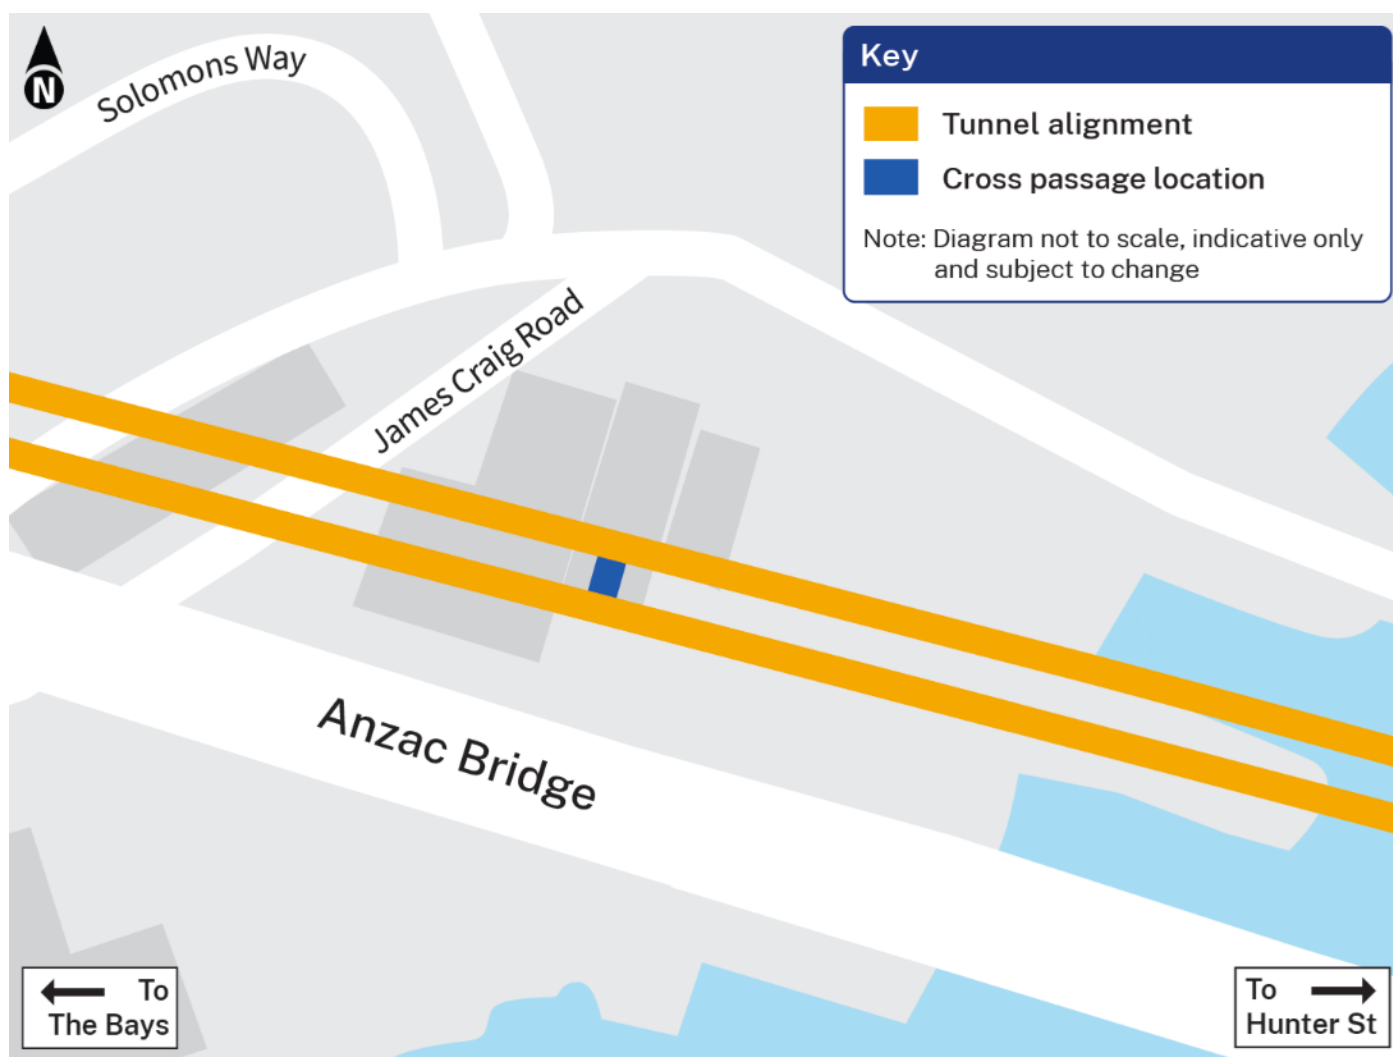

May include but is not limited to: excavators, rock hammers, drills, saws, elevated work platform, concrete trucks and equipment.
