

# Cross passage work: Saunders Street, Pyrmont

18 June 2025

## Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

John Holland CPB Contractors Ghella Joint Venture (JCG) has been awarded the contract to deliver 3.5 kilometres of twin metro rail tunnels between The Bays and Hunter Street and excavate the Pyrmont and Hunter Street metro stations.

## Cross passage work: Saunders Street

Excavation work has commenced in the cross passage beneath your property.

This work is progressing well and will continue in the coming weeks. Excavation is expected to be completed in early August.

*The image above shows excavation being completed within the cross passage.*

## Cross passage construction activities

- Drilling, saw cutting and installing ground support
- Excavating the cross passage using a rock hammer
- Shotcreting and grouting
- Installing waterproofing and concrete lining
- Removing excavated material via The Bays site

## Change of work hours

- Cross passage construction work will occur 24 hours a day, 7 days per week

From Wednesday 25 June 2025 cross passage excavation work, including rock hammering will occur from 8am to 10pm Monday to Sunday.

## What to expect

- Some vibration and ground borne noise may be experienced during cross passage construction work
- The noise is less noticeable during the day when traffic, household or office noise levels are higher
- You may notice tunnelling surveyors taking readings from ground monitoring devices previously installed, located on roadways, footpaths and buildings in your area

## Equipment and machinery

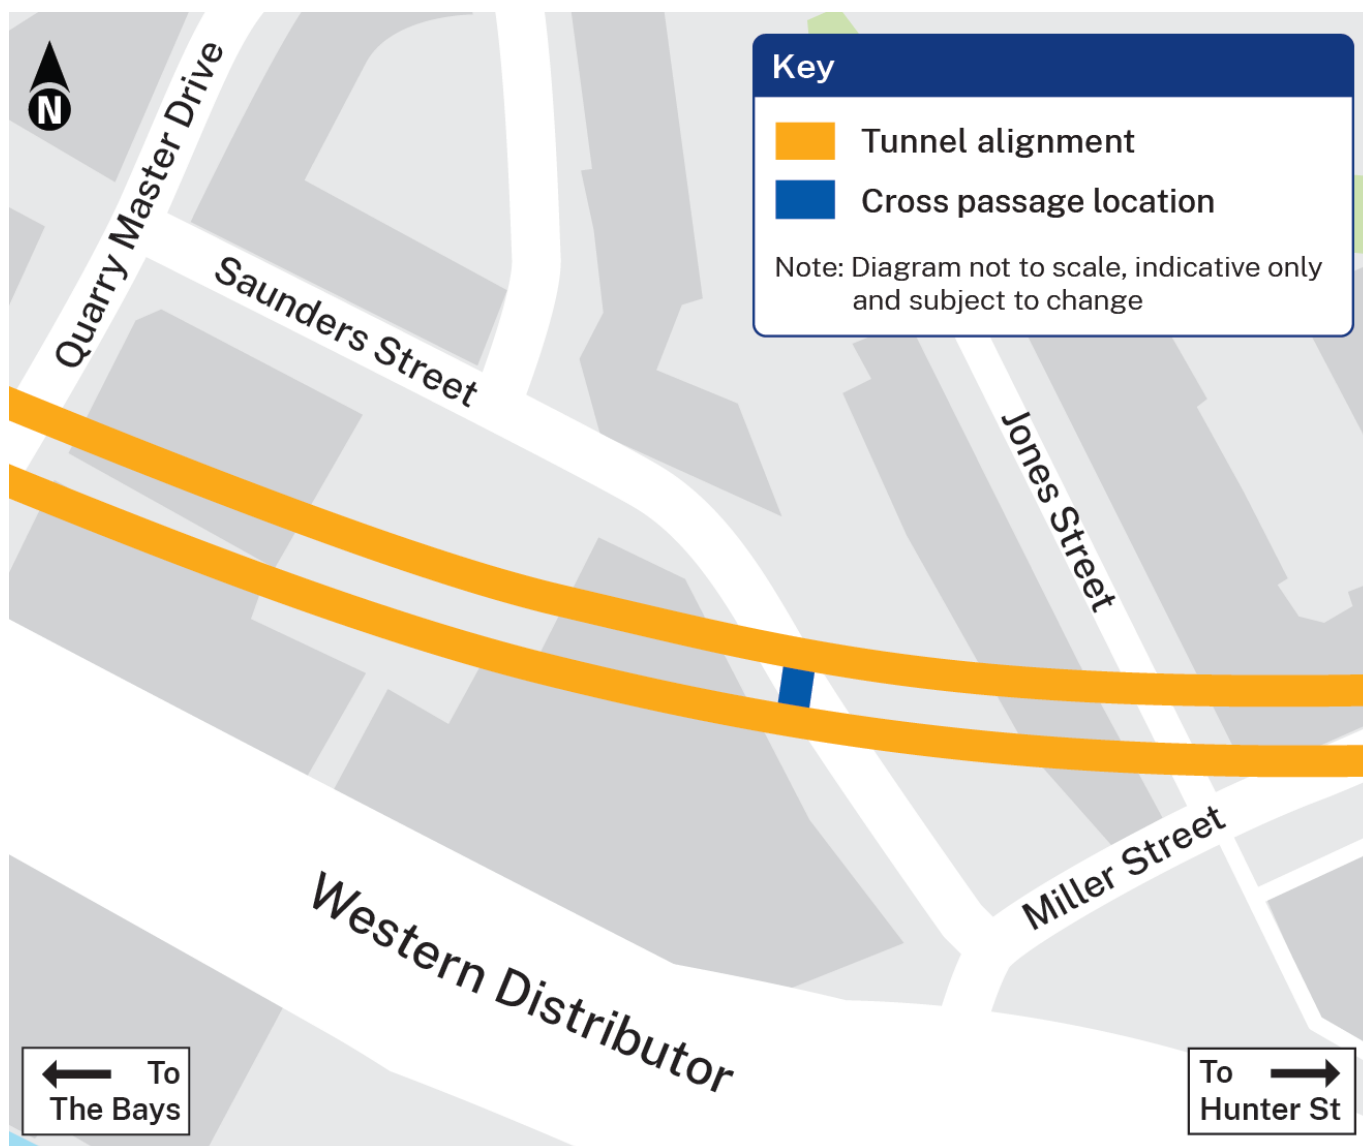

May include but is not limited to: excavators, rock hammers, drills, saws, elevated work platform, concrete trucks and equipment.
