

Monthly Notification – Wiley Park Station

August 2025

The NSW Government recently announced that the extension of Sydney Metro services from Sydenham to Bankstown will now be completed in 2026.

Fare free Southwest Link buses will replace trains between Sydenham and Bankstown during this time.

You can plan your trip at transportnsw.info and on real time apps. Kerbside changes may also be in place around the affected train stations for temporary bus zones. Please check signage before parking your car.

Sydney Metro work during August and September

Work will continue during and outside of standard construction hours within and around Wiley Park Station during August and September. The main activities will include:

- Modification of cable service routes, cables, overhead wires and trackside equipment in the rail corridor, trackside substations and the stations
- Delivery of materials and equipment using light and heavy vehicles
- Installation of cables and communications equipment in station platforms, buildings and concourse
- Energisation of equipment in stations, service buildings and corridor boundary gates
- Adjustments to corridor boundary gates and track signal equipment
- Low speed dynamic train testing and commissioning activities with trains travelling up to 25 kilometres per hour, including use of train horns
- Installation, testing and commissioning of rail corridor security systems including CCTV, foundations, poles, outdoor equipment cabinets, solar panels, cable pits and cable containment
- Site investigations, surveys and associated activities
- De-vegetation and tree clearing throughout the rail corridor where required
- Mobilisation and demobilisation of plant and materials
- Work related to security fence installation and signalling
- Work at station buildings & platforms including resurfacing & asphaltting, updating gap fillers and platform screen doors
- Track related construction activities
- Work related to overhead wiring and high and low voltage wiring and local utilities
- Continued operation of the site compound area at The Boulevarde during work times
- Continued work on the concrete barriers at Wiley Park Station overbridge
- Streetscaping and related paving and landscaping work around the station entrance and nearby King Georges Road interchange
- Work related to the finishing of corridor safeguarding and associated demobilisation
- Additional work to complete the streetscape and King Georges Road upgrades
- Parking removal to facilitate plant and truck operation along the rail corridor in various locations and within nearby carparks to build securing barriers
- Intersection work at Wiley Park Station on King Georges Road and The Boulevarde. Noisy night work to break concrete, reinstate the kerb and asphalt
- Testing and Commissioning of services in station and service buildings
- Modification of services within service building
- Defect rectification work as required

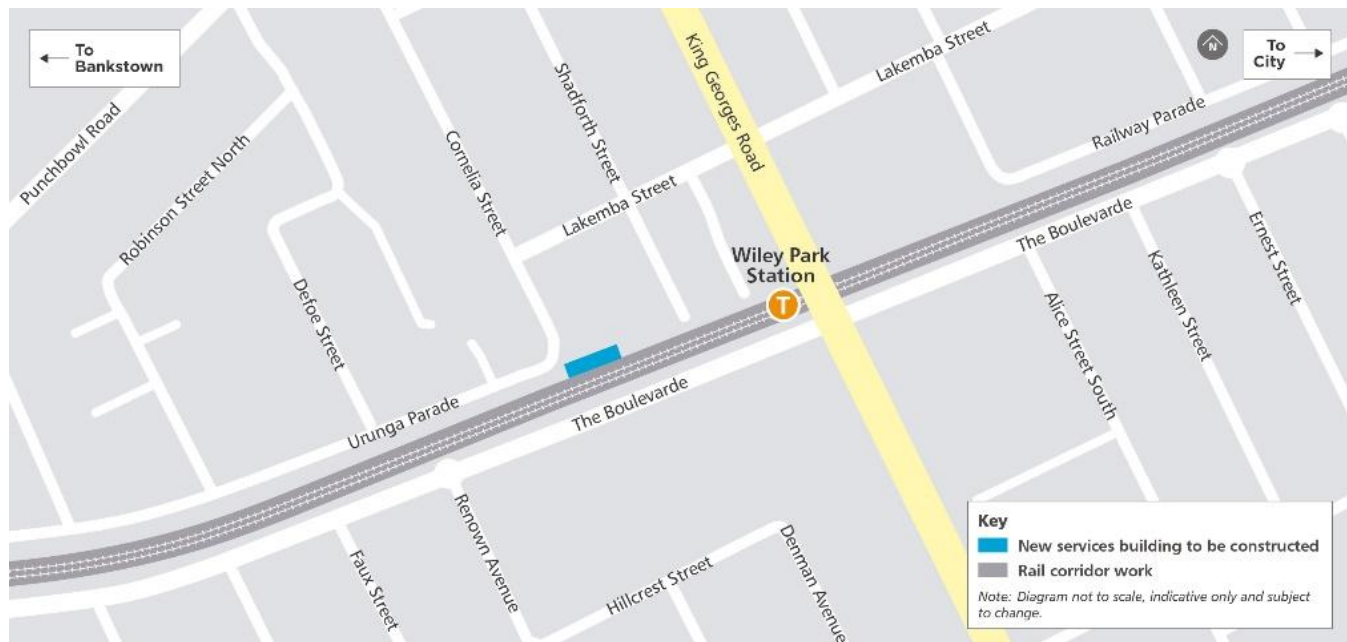

Hours of work

Standard construction hours are Monday to Friday 7am – 6pm and Saturday 8am – 6pm excluding Public Holidays and Sundays. Some activities must be undertaken outside standard construction hours to minimise impacts on traffic and to ensure the safety of motorists, pedestrians and workers. Respite hours will be implemented in line with the project's approvals. Highly impacted residents will be notified separately.

What to expect

- Equipment used includes, but is not limited to excavators (including rock hammering equipment), concrete trucks and pumps, concrete vibrators, mobile cranes, elevated work platforms, loaders, rail tamper, hammer drill, rail grinder, hi-rail vehicles, generators, lighting towers, milling machine, paver, water cart, light and heavy vehicles, tippers, dump and delivery trucks, hand-held and electric tools, demolition and road saws, jack hammers, power drills, vacuum truck, asphalt paver, welding equipment, rail and circular saws and compaction equipment including a roller.
- The project team will take every step possible to minimise noise impacts, however some of this work will be noisy. A range of measures are in place to reduce noise and meet the project's approval conditions, including noise barriers, using only the necessary equipment for each task, turning off equipment when not in use and equipping machinery with non-tonal movement alarms.
- Some construction and testing activities will take place **at night and on weekends**, depending on the program schedule and worker safety considerations.
- Some equipment may be transported outside of standard construction hours in line with Transport for NSW requirements for transporting oversized vehicles.
- Access to buildings and driveways will be maintained at all times.
- We will park our vehicles along the rail corridor where possible however, please be aware that on-street parking may be limited near worksites, particularly during planned rail possessions.

Thank you for your cooperation and understanding while we complete this essential work
