

Monthly update - Westmead

24 October 2025

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

Gamuda Australia and Laing O'Rourke Consortium (GLC) has been awarded the contract to deliver nine kilometres of twin metro rail tunnels between Westmead and Sydney Olympic Park, excavation for two new metro stations, a stabling and maintenance facility at Clyde and a precast facility at Eastern Creek.

Construction activities on site: November 2025

Tunnelling contractor, GLC will continue major construction at the Westmead metro station site during November.

What work we are doing?

- Installing waterproofing membranes and formwork, disassembling formwork, fixing steel, saw cutting, rock coring, spraying shotcrete and pouring concrete for the station box and caverns.
- Surveying, installing and monitoring survey prisms within local streets and around site.
- · Acoustic shed modification works.
- Demobilising and removing a water treatment plant.
- Delivering and removing oversized machinery, material and equipment via Hassall Street and Hawkesbury Road.
- Concrete and cavern arch parts deliveries will be via the Hawkesbury Road access gate*.
- Dismantling and demobilising the tunnel boring machines (TBM)#.

Work will be conducted during standard working hours, 7am-6pm Monday to Friday, 8am-6pm, Saturdays.

*Tunnelling and support activities will be 24 hours, six days a week.

*Dismantling and demobilising the TBM will be 24 hours, seven days a week.

Out-of-hours work, deliveries and movement of oversized machinery will also be required. Further details will be provided to the community prior to these works. Work activities are subject to ground and weather conditions and may be rescheduled if required. We will notify you via our email updates when this needs to happen.

Updates to the construction program, out-of-hours work, and deliveries are provided in our weekly Westmead email updates. You can subscribe to these updates by emailing; **MetroTunnelsGLC@transport.nsw.gov.au.**

Upcoming temporary parking changes

To support oversized machinery being removed from the site, there will be some temporary impacts to car parking spaces on Hassall Street and on Hawkesbury Road between MacArthur Crescent and the Great Western Highway in late November and early December 2025. A detailed notification about these works will be distributed to the community separately.

Changes to traffic, pedestrian and cyclist routes include:

To facilitate access to these work areas and safely operate machinery, there will be traffic control in place to provide pedestrian access around the work activities. Access to public transport will be maintained.

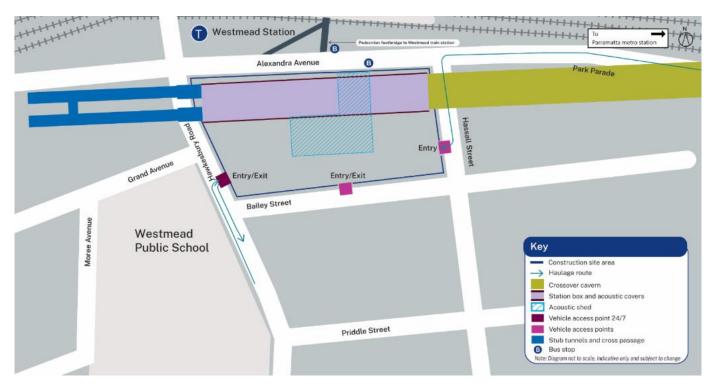

What to expect:

- Noise blankets are used during night work where possible to minimise disturbance.
- Lighting will be directed to the work areas and away from residential properties.
- Noise, vibration and dust monitoring will be conducted.
- Where possible, works will be undertaken in the acoustic shed to minimise noise.

Equipment used:

Includes (but is not limited to) jack hammers, rock breakers, rock corer, concrete saw, vacuum trucks, grinders, excavators, concrete trucks and pumps, compressors, concrete vibrators, plate compactors, dump trucks, cranes, semi-trailers, lighting towers and light vehicles.
