

Monthly update – Parramatta

24 November 2025

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

Gamuda Australia and Laing O'Rourke Consortium (GLC) has been awarded the contract to deliver nine kilometres of twin metro rail tunnels between Westmead and Sydney Olympic Park, excavation for two new metro stations, a stabling and maintenance facility at Clyde and a precast facility at Eastern Creek.

Construction activities: December 2025

Tunnelling contractor, GLC will continue major construction at the Parramatta metro station site during December. These activities will be carried out during standard construction hours:

- **Monday to Friday 7am to 6pm and Saturday 8am to 6pm, excluding public holidays.**

Work will involve:

- Archaeological investigations and backfilling of areas once complete.
- Removing concrete sections in stages with saw cutters and jackhammers.
- Delivering and removing machinery, equipment, and materials via George Street.
- Constructing and excavating the station box including rock hammering, concreting, steel bracing installation and support work.
- Lining and waterproofing tunnel nozzles.
- Ongoing surveying, geotechnical investigations, utility investigations and upgrades within and around site.
- Installing electrical equipment and reticulation of electrical cables.
- Aerial drone filming on-site. This will be in line with Civil Aviation Safety Authority guidelines.

Out-of-hours work

To minimise interruption to local traffic and to ensure the safety of motorists, pedestrians and workers around the site, some work must be undertaken outside standard construction hours.

Out-of-hours work will involve:

- Oversized machinery and equipment deliveries and removal to and from the site between **6pm and 7am from Monday 1 December to Wednesday 31 December 2025***.
- Operation of tunnelling services, supporting infrastructure and concrete supply will occur **24 hours a day, seven days a week***.
- Groundwater and surface monitoring within the station box between **6am and 7pm Monday to Friday***.

*excluding public holidays.

At times, low impact work may extend beyond standard construction hours including Saturday and Sunday. Finishing works using hand tools may be required.

We will continue to keep you informed of our progress and planned out-of-hours work. To know more, register your details to receive weekly email updates at metrotunnelsGLC@transport.nsw.gov.au

What to expect

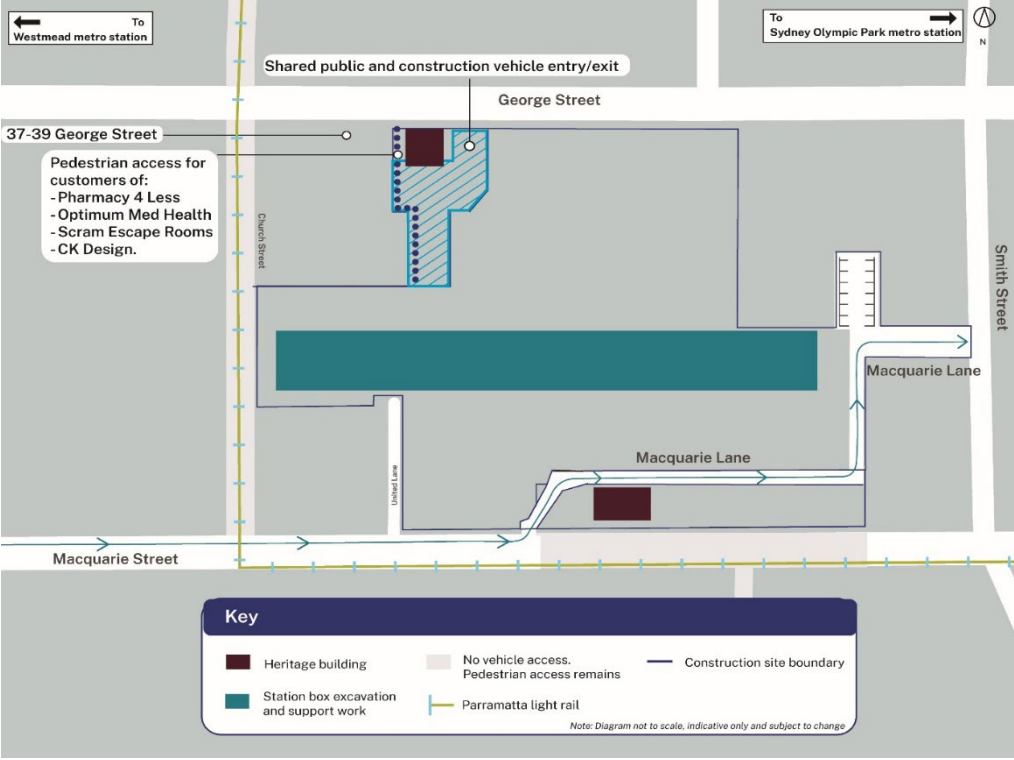

- Some activities will generate noise and vibration, but this will be minimised as much as possible.
- Access to businesses will be maintained unless arrangements are made with you in advance

Changes to traffic, pedestrian and cyclist routes

- Traffic control and signage will be in place in surrounding streets to assist motorists, pedestrians and cyclists with changes to traffic conditions.

Equipment used: Equipment for this work will include but is not limited to hand tools, cranes, generators, truck and dogs, survey equipment, light vehicles, drill rigs, excavators, rock hammer, dozers, vibratory rollers and compactors, concrete agitators, vacuum excavation trucks, tipper trucks, delivery vehicles, fencing and traffic control devices.

Parramatta metro station work area

Out-of-hours work over the next three months is detailed in the table below.

Activity	Location	Noise impact	January	February	March
Oversized machinery and equipment deliveries/removal	Entry via George Street	Low to medium	●	●	●
Inspecting monitoring equipment	Parramatta	Low	●	●	●

Contact us

Please contact GLC’s Community team on **1800 612 173** or by email if you have any questions, if you have any questions, complaints or would like to provide feedback about the work, including respite periods. We will continue to keep you updated on the progress of work in your area. If you would prefer to receive updates by email, please send a request to **metrotunnelsGLC@transport.nsw.gov.au** and we will add you to the distribution list. Thank you for your cooperation while we complete this essential work.
