

Monthly update – Clyde and surrounds

23 December 2025

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

Gamuda Australia and Laing O'Rourke Consortium (GLC) has been awarded the contract to deliver nine kilometres of twin metro rail tunnels between Westmead and Sydney Olympic Park, excavation for two new metro stations, a stabling and maintenance facility at Clyde and a precast facility at Eastern Creek.

Sydney Metro has engaged Quickway Construction Pty Ltd to install high voltage (HV) conduits to the Rosehill Services Facility, part of the Clyde stabling and maintenance facility.

Construction activities: January 2026

Tunnelling contractor, GLC will continue major construction at the Clyde site during January.

What work we are doing?

- Fence installation, clearing vegetation, landscaping and planting within site.
- Vegetation clearing and barrier relocation adjacent to James Ruse Drive and the on ramp to the Western Motorway (M4) **between 8pm and 5am on Wednesday 21 January and Thursday 22 January 2026.**
- Constructing the headwall, installing utilities and supporting work for the mainline tunnels, junction caverns and services tunnels at Clyde Dive*.
- Geotechnical investigations and groundwater monitoring onsite and in nearby streets.
- Continuing work within the road corridor and upgrading utility services on James Ruse Drive, Unwin, Shirley, Wentworth, Martha, Colquhoun and Devon Streets.
- Delivery and removal of machinery, assembly of equipment, unloading of materials and spoil stockpiling*.
- Installing, monitoring and decommissioning survey equipment along the alignment until mid-2026*.

Work will be conducted during standard working hours, **7am – 6pm Monday to Friday, 8am – 6pm, Saturdays.**

*Tunnelling support activities, and some construction activities will be **24 hours, seven days a week.**

Work activities are subject to ground and weather conditions and may be rescheduled if required. We will notify you via our email updates when this needs to happen.

Updates to the construction program and out-of-hours work and deliveries are provided in our weekly Clyde email updates. You can subscribe to these updates by emailing; MetroTunnelsGLC@transport.nsw.gov.au.

Quickway – Power Enabling Work

Site investigation works are complete. Construction work, including out-of-hours trenching and excavation is scheduled to commence from mid-January 2026. A separate notification is being distributed about this work.

What to expect:

- Noise blankets are used during night work where possible to minimise disturbance.
- Lighting will be directed to the work areas and away from residential properties.
- Noise, vibration and dust monitoring will be conducted.
- During a planned WestConnex ramp closure, GLC will undertake vegetation clearing and barrier relocation adjacent to the James Ruse Drive eastbound on-ramp to the Western Motorway (M4). The closure will occur **between 8pm on Wednesday 14 January and 5am on Thursday 15 January 2026.**
- Traffic control and signage will be in place in surrounding streets to assist motorists, pedestrians and cyclists with changes to traffic conditions. This includes contraflow, boom gate operations, temporary barriers, and stop-slow traffic control which will continue until mid-2026.

Equipment used (but is not limited to): cranes, generators, bolting rigs, trucks and dogs, light vehicles, drill rigs, dust scrubbers, compressors, excavators (including attachments), dozers, jackhammer, concrete agitators, concrete pumps, vacuum trucks, vibratory roller, chainsaws, mulchers, chippers, road saw, traffic control devices and survey equipment.

Clyde work area

Contact us:

Please contact GLC's Community team or Julian from the Quickway team on 1800 612 173 or by email if you have any questions, complaints or would like to provide feedback about the work, including respite periods. We will continue to keep you updated on the progress of work in your area. If you would prefer to receive updates by email, please send a request to metrotunnelsGLC@transport.nsw.gov.au and we will add you to the distribution list.
