

Monthly update – North Strathfield metro station

May 2026

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, transforming Sydney for generations to come. Sydney Metro West will target an opening date of 2032.

Gamuda has been awarded the contract to design and construct the five new metro stations at Westmead, North Strathfield, Burwood North, Five Dock, and The Bays.

Sydney Metro has engaged John Holland to deliver the Linewide project. Delivering 60kms of track across the network, installation of rail systems and construction of Sydney Metro West's 38-hectare stabling and maintenance facility in Clyde.

What work are we doing?

Gamuda will continue maintenance works at North Strathfield metro station site during **May 2026**, before construction of the new station continues later this year.

Work includes:

- Delivery of machinery and equipment
- Setting up a temporary work site, including site offices
- Site investigations of sub-surface conditions
- Utility surveys, investigations and connections within site
- Installing environmental controls and monitoring equipment to manage construction impacts
- Survey works

- Setting up traffic management and signage installation

- Maintenance and upkeep of the station site

Activities will be undertaken by small crews using hand tools and small machinery within approved work areas.

Linewide contractor, John Holland will undertake work activities at the North Strathfield metro station site including:

- Operation and maintenance activities within the construction site and tunnels
- Delivery and removal of machinery, equipment and materials.

All works will take place during standard construction hours, **Monday to Friday between 7am and 6pm and Saturday between 8am and 6pm, excluding public holidays**. You will be notified in advance of any planned out-of-hours or intrusive works.

Tunnelling operation and maintenance activities within the tunnel will be undertaken **24 hours, seven days a week**.

What will this mean for you?

All works will be carried out within site boundaries.

You may notice:

- Workers and vehicles
- Traffic controllers and signage
- Noise from machinery and equipment

Location of work area

Managing our impacts on the community

We aim to manage our work to minimise disruption to the community and the environment and we will:

- Conduct noise and vibration monitoring as required
- Lighting will be directed to the work areas and away from neighbouring properties

Come meet the team!

As we prepare to continue construction of the station, we invite you to come and meet our construction team.

When: 8am to 10am on Wednesday 13 May 2026

Where: North Strathfield Station East entrance – Queen Street, North Strathfield

In the event of wet weather, the event will be rescheduled.
