

Notification – Temporary road closures

11 June 2026

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

Gamuda Australia and Laing O'Rourke Consortium (GLC) has been awarded the contract to deliver nine kilometres of twin metro rail tunnels between Westmead and Sydney Olympic Park, excavation for two new metro stations, a stabling and maintenance facility at Clyde and a precast facility at Eastern Creek.

Temporary night-time road closures - Parramatta

To support surface drainage works, **United Lane and sections of Macquarie Street and Macquarie Lane, will be closed to traffic between:**

- **7pm Thursday 18 June and 5am Friday 19 June 2026**
- **7pm Friday 19 June and 5am Saturday 20 June 2026 (contingency)**

The closures will occur between the intersection of Macquarie Street and Marsden Street, and the intersection of Macquarie Lane and Smith Street. See map overleaf for details.

Works will involve:

- Setting up traffic management, VMS signage and detours
- Trenching, excavating, installing and connecting surface drains

We will continue to keep you informed of our progress and planned out-of-hours work. To know more, register your details to receive weekly email updates at metrotunnelsGLC@transport.nsw.gov.au.

What to expect:

- Some activities will generate noise and vibration, but this will be minimised as much as possible.
- Access to businesses will be maintained unless alternative arrangements are made with you in advance.
- Access for waste collection on United Lane and Macquarie Street will be maintained via traffic control.
- Traffic control and signage will be in place in surrounding streets to assist motorists, pedestrians and cyclists. Please observe speed limits, follow detours and allow extra time.

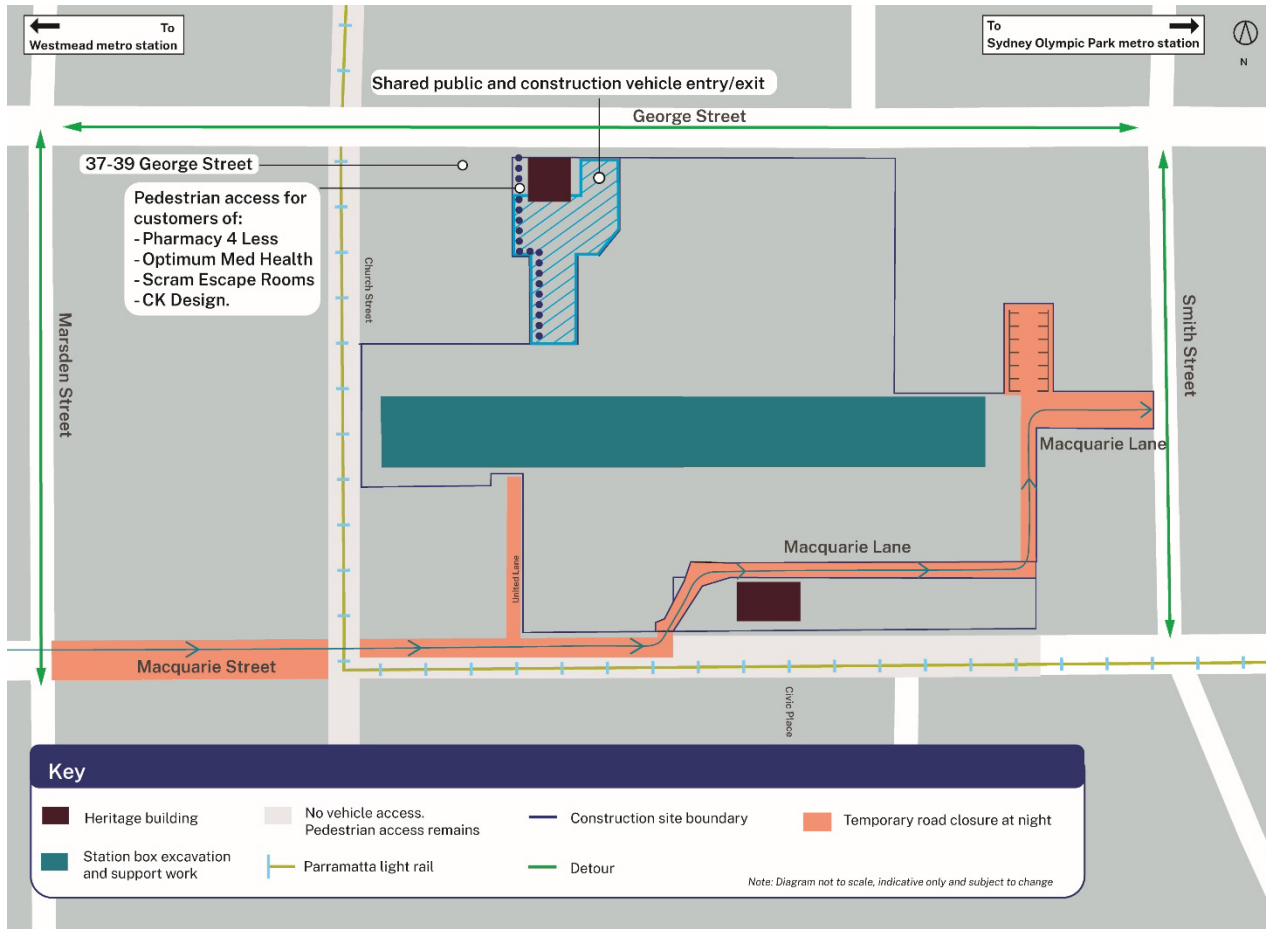

Equipment used: Equipment for this work will include but is not limited to an excavator, generators, cement mixer, light vehicles and traffic control devices.

Contact us

Please contact GLC's Community team on **1800 612 173** or by email if you have any questions, if you have any questions, complaints or would like to provide feedback about the work, including respite periods. We will continue to keep you updated on the progress of work in your area.

If you would prefer to receive updates by email, please send a request to metrotunnelsGLC@transport.nsw.gov.au and we will add you to the distribution list. Thank you for your cooperation while we complete this essential work
