

# Notification –Westmead

13 July 2026

Sydney Metro is Australia's biggest public transport project.

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, link new communities to rail services and support employment growth and housing supply.

Gamuda Australia and Laing O'Rourke Consortium (GLC) has been awarded the contract to deliver nine kilometres of twin metro rail tunnels between Westmead and Sydney Olympic Park, excavation for two new metro stations, a stabling and maintenance facility at Clyde and a precast facility at Eastern Creek.

Gamuda has been awarded the Stations Package West contract to design and construct the five new metro stations at Westmead, North Strathfield, Burwood North, Five Dock, and The Bays.

Sydney Metro has engaged John Holland to deliver the Linewide package, installing 60kms of track and rail systems across the network and construction of the 38-hectare stabling and maintenance facility in Clyde.

## Out-of-hours work - Sewer line investigations and line marking

Tunnelling contractor, GLC will inspect the sewer lines on Alexandra Avenue and undertake line marking on Hassall Street **from 6pm Monday 20 July to 5am Tuesday 21 July 2026**, weather and site conditions permitting.

During this work, the bus stop on the southern side of Alexandra Avenue will be temporarily relocated closer to Hawkesbury Road from **10pm Monday 20 July to 5am Tuesday 21 July 2026** (see map overleaf).

To minimise disruption to local traffic and to ensure the safety of motorists, pedestrians and workers, this work must be undertaken outside standard construction hours.

Work activities are subject to ground and weather conditions and may be rescheduled if required. We will notify you via our email updates if this needs to happen.

### What work we are doing?

- Setting up traffic control on Alexandra Avenue and Hassall Street
- CCTV investigations of the sewer line at two locations on Alexandra Avenue (see map)
- Line marking on Hassall Street.

## What to expect:

- Traffic management and detours will be set up in surrounding streets to assist motorists, pedestrians and cyclists with changes to traffic conditions. Please observe speed limits, follow detours and allow some extra travel time near these areas.
- Footpaths will remain open to pedestrians.
- Access to properties will be maintained unless arrangements are made with you in advance.
- Lighting will be directed to the work areas and away from residential properties.
- Noise, vibration and dust monitoring will be conducted.

## Equipment used:

Includes (but is not limited to) hand tools, CCTV truck and light vehicles.

## Westmead metro station works area:

## Contact us

Please contact the GLC communications team on **1800 612 173** or by email if you have any questions, complaints or would like to provide feedback about the work, including respite periods. We will continue to keep you updated on the progress of work in your area. Thank you for your cooperation while we complete this essential work.
