

Sydney Metro West

Monthly update –

Westmead metro station

October 2026

The NSW Government is delivering Sydney Metro West – a new underground metro railway which will double rail capacity between Parramatta and the Sydney CBD, transforming Sydney for generations to come. Sydney Metro West will target an opening date of 2032.

Gamuda has been awarded the Stations Package West (SPW) contract to design and construct the five new metro stations at Westmead, North Strathfield, Burwood North, Five Dock, and The Bays.

Sydney Metro has engaged John Holland to deliver the Linewide package. Delivering 60kms of track across the network, installation of rail systems and construction of Sydney Metro West's 38-hectare stabling and maintenance facility in Clyde.

Construction lookahead

What work are we doing?

Tunnelling contractor, Gamuda and Laing O'Rourke Consortium (GLC) will continue with completion work at the Westmead metro station site in October 2026. Gamuda (SPW) will continue with early site investigation and site establishment work.

All works will take place during standard construction hours, **Monday to Friday between 7am and 6pm and Saturday between 8am and 6pm, excluding public holidays**. Sewer line repairs on Alexandra Avenue are required to be undertaken outside of standard hours. A **separate detailed notification will be distributed before these works commence**.

Deliveries, tunnel operations and maintenance activities will be undertaken **24 hours per day, seven days a week**.

Activity	Expected noise impact	Oct	Nov	Dec
Sewer line repair work within Alexandra Avenue*	Low	● ●		
Site hoarding adjustments along Bailey Street and Hawkesbury Road	Moderate	●	●	
Rectification work within the site and tunnels	Low	●	●	
Delivery, stockpiling and removal of materials, plant, equipment and machinery	Low	● ●	● ●	● ●
Operations and maintenance activities, including the installation and removal of temporary services within the site and tunnel and upkeep of the station site	Low	● ●	● ●	● ●
Site surveys and investigations	Low	●	●	●
Site establishment activities, including setting up site offices and facilities, traffic management and signage	Low	●	●	●
Utility survey, investigations and connections within site and the local area	Low	●	●	●
Installing environmental controls and monitoring equipment to mitigate construction impacts	Low	●	●	●
Waterproofing and ground support works inside the station box, including core drilling activities	Low		●	●
Piling activities ahead of tower crane installation and drainage works	Moderate to high		●	●
Concrete removal, pours and installation of concrete access ramps within the station box, near the tunnel entrance and tunnels	Low		●	●
Installation of conduits, pipes, brackets, cable trays, lighting and other services within site and tunnels	Low		●	●

Standard construction hours work ● Out-of-hours work required ●

*A separate detailed notification about these works will be distributed to the community.

What will this mean for you?

You may notice:

- Workers and construction vehicles
- Noise and vibration from machinery and equipment
- Traffic controllers and signage

Managing our impacts on the community

We aim to manage our work to minimise disruption to the community and the environment and we will:

- Conduct noise and vibration monitoring where required
- Direct lighting towards work areas and away from neighbouring properties
- Use dust suppression measures, as required.

Location of work area

Equipment and machinery used

Includes but is not limited to excavators, loaders, concrete saws, jack hammers, concrete trucks and pumps, survey equipment, telehandlers, elevated work platforms, forklifts, light vehicles and utes, delivery trucks and trailers, mobile cranes, pumps, generators, lighting towers, rattle guns, grinders, cable pulling equipment, hand tools, fencing and traffic control devices and tunnel transport equipment.

Please contact us on **1800 612 173** or email SPWMetro@transport.nsw.gov.au if you have any questions, complaints or would like to provide feedback about the work, including respite periods and lighting during out-of-hours work. Email us to sign up to our mailing list to receive project updates.
