

Project update

March 2021

Sydney Metro is Australia’s biggest public transport project.

Services started in May 2019 in the city’s North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central.

In 2024, Sydney will have 31 metro railway stations and a 66 kilometre standalone metro railway system. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre.

Lendlease will deliver the new Sydney Metro Victoria Cross integrated station development at North Sydney, including the metro station, commercial building above and enhancements to pedestrian connections, retail and public spaces.

Out of hours work at Victoria Cross South site

The first and third weekend of March will see the installation of two tower cranes to the Victoria Cross South site. For the rest of the month hoarding and site accommodation work will continue on weeknights.

Dates and times	Location(s)	Work
6pm Friday 12 March to 5am Monday 15 March 6pm Friday 19 March to 5am Monday 22 March * 6pm Friday 26 March to 5am Monday 29 March 6pm Friday 9 April to 5am Monday 12 April * *contingency dates if required	Berry and Miller streets	Tower crane delivery and installation: <ul style="list-style-type: none"> • delivery and installation of two tower cranes on separate weekends using a mobile crane from Miller Street • lift crane over Miller Street footpath • Miller Street southbound lane closure.
Monday 1 March to Friday 2 April from 8pm to 5am (No works on Thursday 11 March and 25 March)	Berry and Miller streets	Hoarding and site accommodation installation: <ul style="list-style-type: none"> • Miller Street pedestrian closure • installation and connection of hoarding • hammering hoarding panel connections • delivery and installation of site accommodation containers.

Standard work hours: Standard work hours are Monday to Friday, 7am to 6pm and Saturday, 8am to 1pm.

What to expect

- Equipment used will include road saws, vacuum trucks, concrete pumps, elevated working platform, mobile cranes, a tower crane, truck and dogs, hand held drills and light vehicles.
- Traffic control and direction signage will be in place for the safety of workers, pedestrians and the community.
- Some of these activities will be noisy. The project team will limit these impacts where possible. Non-tonal reversing beepers will be used. Workers will be instructed to keep noise to a minimum.
- Access to buildings and driveways will be maintained at all times.

Thank you for your cooperation and understanding while we complete this essential work.
