

Notification – Southwest Metro

Belmore - August 2021

Sydney Metro is Australia’s biggest public transport project.

In line with Public Health Orders, all construction in Greater Sydney paused from 12:01am Monday 19 July. All Sydney Metro sites are closed, with minimal staff onsite for permitted safety and security activities.

Some works outlined below are scheduled to begin from Saturday 31 July when construction in Greater Sydney is currently planned to re-commence. Should this date change, Sydney Metro will update the community and re-notify before future activities begin.

Services started in May 2019 in the city’s North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations underground at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central.

In 2024, Sydney will have 31 metro railway stations and a 66 km standalone metro railway system – the biggest urban rail project in Australian history. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre. The upgrade of the T3 Bankstown Line to metro standards between Sydenham and Bankstown received planning approval on 19 December 2018.

In August, work will continue along the rail corridor and at Belmore Station (weather and site conditions permitting). Access to the rail corridor will be via existing rail corridor/pedestrian access gates. **Day work will be undertaken during project standard construction hours Monday to Friday 7am-6pm and Saturday 8am-6pm.** All work activities are subject to relevant approvals. The map on page 2 shows location details.

Location	Detail of day work
Belmore (along the rail corridor)	<ul style="list-style-type: none"> • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing • Devegetation and tree clearing throughout the rail corridor where required • Installation of fencing, cable service routes and galvanised steel troughing (GST) • Delivery of plant and material including preparatory activities for upcoming out-of-hours
Around Belmore Station and at the services building site (off Redman Parade, adjacent to the rail line)	<ul style="list-style-type: none"> • Delivery and removal of material to and from the Redman Parade site compound • Drainage and utility works at the services building site on Redman Parade • Concreting work, backfilling, drainage and CSR work in MSB area • Installation of electrical containments on the platform 1 & 2 • Installation of light fittings on platform 1 & 2 • Pedestrian detours may be in place. Traffic control will be on site to assist when required
Lakemba substation, north of The Boulevarde, west of Taylor Street	<ul style="list-style-type: none"> • Installing a temporary power connection • Bringing in and removing material, and installing site amenities • Reinstating the perimeter fence • Traffic control to facilitate truck movements on The Boulevarde. • From time to time we may finish work later than 6pm as we complete concrete pours

Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for the movement of oversized vehicles. Properties in proximity to scheduled works will be notified prior to works starting. More information about this work is provided over the page.

Date / time	Detail of out-of-hours work and location
During two scheduled rail possession weekends:	<ul style="list-style-type: none"> • Installation of underline track crossing and cable service routes • Installation of signal equipment

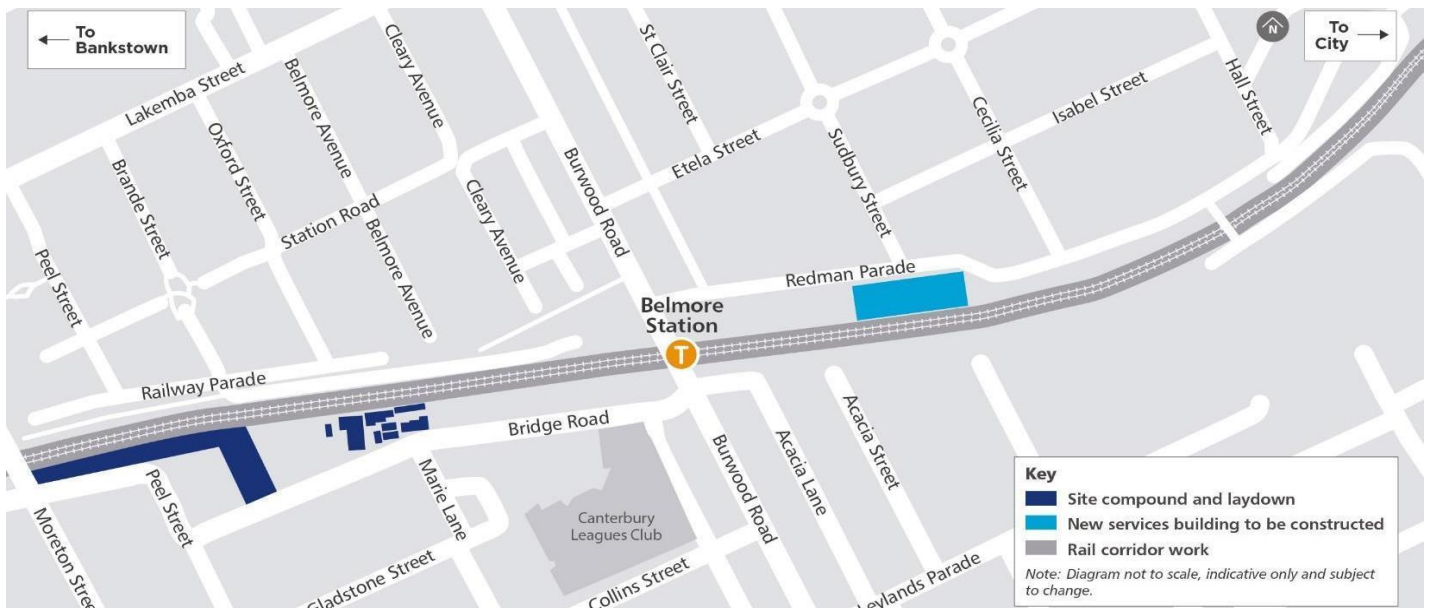

- **2am Saturday 7 August to 2am Monday 9 August 2021**
- **10pm Friday 13 August to 2am Monday 16 August 2021**

- Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing
- Construction of track side equipment
- Installation of piles for galvanised steel troughing (GST)
- Installation of pile and pile cap for Radio Repeater Mast
- Installation of light pole footings and fittings on Platform 1 and 2
- Installation of hydraulic pipes and fittings on platform and concourse area
- Structural steel installation at the services building site
- Temporary closure of Redman Parade and Tobruk Avenue car parks
- Vegetation removal within the rail corridor and the services building area
- Non-destructive excavation and investigation work at Lakemba substation site
- Traffic control to facilitate truck movements on The Boulevarde

Equipment used for all the above work will include excavators, jack hammers, vacuum trucks, slashers, motorised saws, concrete trucks, sucker trucks, delivery vehicles, borehole drillers, rollers, generators, whacker packers, dump trucks, wood chippers, mulchers, grass cutters, telehandlers, drilling rigs, lifting machinery, elevated work platforms, bobcats, concrete pumps, cranes, cable pulling equipment, road sweeper, compactors, lighting towers, forklifts, chainsaw, water carts, vibrating plates, and hand and power tools.

Access to buildings and driveways will be maintained at all times. Some of this work may be noisy, however we will take every possible step to minimise noise such as switching off equipment when not in use and using non-tonal reversing beepers. **Where temporary footpath changes, car parking removal or lane closures are required for works, traffic control, pedestrian detours and signage will be in place to assist the community.**

Keeping you informed

Properties close to the rail corridor will receive notifications when construction work is scheduled to occur. You can contact us on **1800 171 386** (24 hour community information line). If you have questions about the **substations** please ask for **Grace** or email LinewideMetro@transport.nsw.gov.au. For all other works please ask for **Rachel** or email SouthwestMetro@transport.nsw.gov.au. **Thank you for your cooperation while we complete this essential work.**
