

Notification – Southwest Metro

Campsie - September 2021

Sydney Metro is Australia’s biggest public transport project.

Safety of the community and workers is Sydney Metro’s top priority. Covid-19 safety measures include the wearing of masks, sites working to 50% capacity, separation of workforce, vaccination and compliance testing, and a COVID marshal to check for compliance and to support workers.

Services started in May 2019 in the city’s North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations underground at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central.

In 2024, Sydney will have 31 metro railway stations and a 66 km standalone metro railway system – the biggest urban rail project in Australian history. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre. The upgrade of the T3 Bankstown Line to metro standards between Sydenham and Bankstown received planning approval on 19 December 2018.

In September, work will continue along the corridor and at Campsie Station (weather and site conditions permitting). Access to the rail corridor will be via existing rail corridor/pedestrian access gates. **Day work will be undertaken Monday to Friday 7am-6pm and Saturday and Sunday 7am-6pm** in accordance with *Environmental Planning and Assessment (COVID-19 Development – Construction Work Days) Order (No.3) 2021*. All work activities are subject to relevant approvals. The map on page 2 shows location details.

Location	Detail of day work
Campsie (along the rail corridor)	<ul style="list-style-type: none"> • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing • Site investigations Lillian lane between Loftus and Loch Street and Loch Street bridge including partial lane closure between Wilfred and Lillian Lanes • De-vegetation and tree clearing throughout the rail corridor where required • Installation of fencing, cable service routes and galvanised steel troughing (GST) • Delivery of plant and material including preparatory activities for upcoming out-of-hours work
Around Campsie Station	<ul style="list-style-type: none"> • Establishment of temporary hoarding and fencing for staged demolition work on station concourse • Ancillary work around the station precinct • Start building refurbishment work on station platforms and concourse • Start building utilities and electrical work on station platforms and concourse • Continuation of new station canopy and roof structure. • Preparation to occupy additional construction areas for permanent work and storage.
Services building site at Lillian Lane opposite Dewar Street	<ul style="list-style-type: none"> • Survey work, various site investigations and soil waste classifications • Bulk and detailed earthwork, footings and drainage work • Relocation of internal and external services and utilities. • Start construction work for new services building
Substation site (Off Lillian Street)	<ul style="list-style-type: none"> • Tree trimming and removal • Continue with excavation • Installing conduits and drainage • Formwork reinforcement and concrete pouring • Traffic controllers to facilitate truck movements on Lillian Street <p>From time to time we may finish work later than 6pm as we complete concrete pours.</p>
Bulk power supply work, Lillian Lane and Lillian Street	<ul style="list-style-type: none"> • Establishing temporary traffic changes, temporary diversion of pedestrian, removing street parking • Tree trimming and removal • Removal of hazardous material • Cutting road pavement, excavating a trench and removing spoil, installing conduits in the trench, backfilling the trench, conduit testing and restoring the road surface.

Out-of-hours work

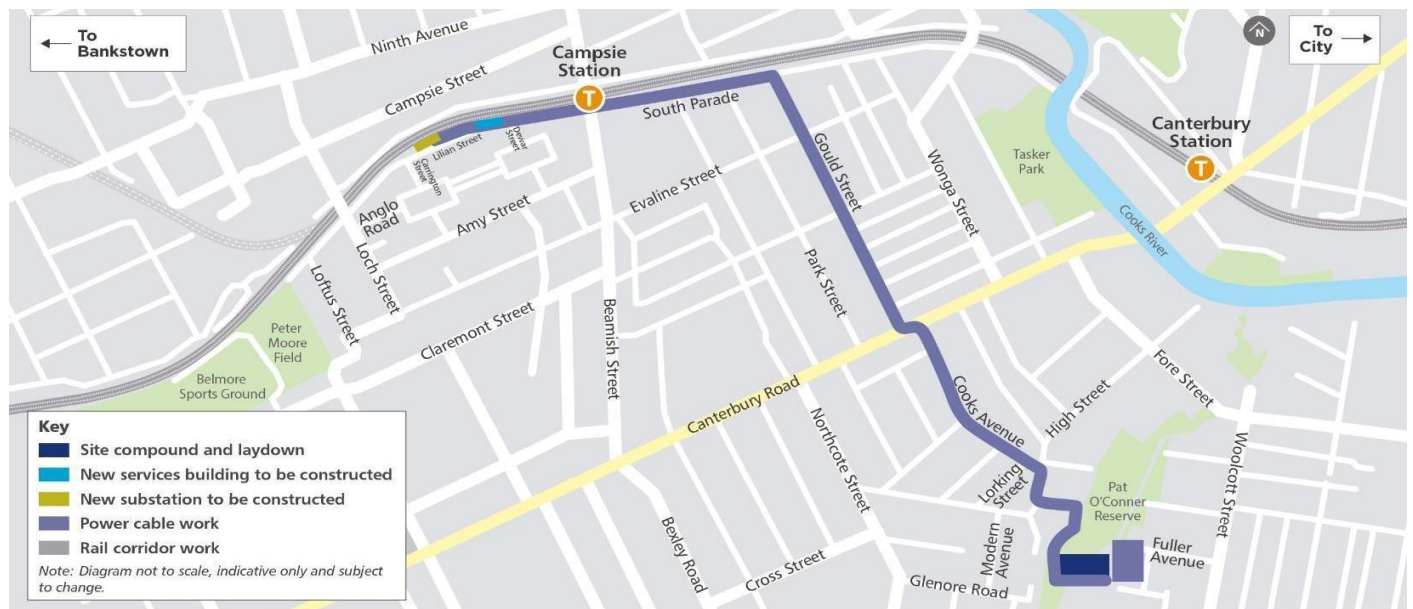

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours when trains are not running. Some equipment will also be delivered outside standard construction hours in line

with Transport for NSW requirements for the movement of oversized vehicles. Properties in proximity to scheduled works will be notified prior to works starting. More information about this work is provided below.

Date / time	Detail of out-of-hours work and location
Mid-week works between 6pm and 7am Monday 6 September to Friday 1 October 2021 for no more than 3 nights per week (in addition to daytime work)	<ul style="list-style-type: none"> • Installation of signal equipment and cable pulling • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing • Asphaltting on Beamish Street between Lilian Lane and North Parade in September 2021 (weather permitting)

Equipment used for all the above work will include excavators, jack hammers, vacuum trucks, slashers, motorised saws, concrete trucks, sucker trucks, delivery vehicles, borehole drillers, rollers, generators, whacker packers, dump trucks, wood chippers, mulchers, grass cutters, telehandlers, drilling rigs, lifting machinery, elevated work platforms, bobcats, concrete pumps, cranes, cable pulling equipment, road sweeper, compactors, chainsaw, lighting towers, forklifts, water carts, vibrating plates, and hand and power tools.

Access to buildings and driveways will be maintained at all times. There may be some noise, dust and vibration impacts associated with these works which at times will be loud and disruptive. We will take every possible step to minimise noise such as switching off equipment when not in use and using non-tonal reversing beepers. **Where temporary footpath changes, car parking removal or lane closures are required for works, traffic control, pedestrian detours and signage will be in place to assist the community.**

Keeping you informed

Properties close to the rail corridor will receive notifications when construction work is scheduled to occur. You can contact us on **1800 171 386** (24 hour community information line). If you have questions about the **substations** please ask for **Grace** or email LinewideMetro@transport.nsw.gov.au. For all other works please ask for **Klia** or email SouthwestMetro@transport.nsw.gov.au. **Thank you for your cooperation while we complete this essential work.**

<p>Planned 24/7 Rail Possessions, Sep-Nov 2021* More detail will be provided closer to the date (*subject to change)</p>	<ul style="list-style-type: none"> • 16-22 October • 23-24 October • 6-7 November
