

Notification – Southwest Metro

Dulwich Hill - April 2021

Sydney Metro is Australia’s biggest public transport project.

Services started in May 2019 in the city’s North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations underground at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central.

In 2024, Sydney will have 31 metro railway stations and a 66 km standalone metro railway system – the biggest urban rail project in Australian history. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre. The upgrade of the T3 Bankstown Line to metro standards between Sydenham and Bankstown received planning approval on 19 December 2018.

In February 2021, a contract was awarded to Downer EDI Works to upgrade Dulwich Hill, Campsie and Punchbowl stations to metro rail standards. You will notice work taking place around the station in the coming months.

In April, work will continue along the rail corridor and at Dulwich Hill Station (weather and site conditions permitting). Access to the rail corridor will be via existing rail corridor/pedestrian access gates. **Day work will be undertaken during project standard construction hours Monday to Friday 7am-6pm and Saturday 8am-6pm.** The map on page 2 shows location details.

Location	Detail of day work
Dulwich Hill (along the rail corridor)	<ul style="list-style-type: none"> • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities and fencing • Devegetation and tree clearing throughout the rail corridor where required • Installation of fencing, cable service routes and galvanised steel troughing (GST) • Installation and removal of haul roads and temporary fencing throughout the rail corridor • Site compound establishment along the rail corridor including installation of site sheds • Surveys and visual inspections of station buildings and roads in proximity to the rail alignment
Around Dulwich Hill Station	<ul style="list-style-type: none"> • Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities and fencing • Site establishment and delineation works including installation of site sheds and hoarding • Earthworks for lift pits and stair footings • Devegetation and tree removal where required • Supporting structure (abutment) work adjacent to light rail lift and near rail access gate to Ewart Lane. Traffic control will be in place intermittently for deliveries of plant and material around station precinct • Temporary removal of parking at the Ewart Lane commuter car park until late 2021 for installation of the new metro services building. Signage will be installed and specific notification provided to nearby residents prior to work commencing
Services building site at Ewart Lane	<ul style="list-style-type: none"> • Site investigation and survey works • Services identification and relocation • Clearing and grubbing • Earthworks
Substation site (off Randall Street behind Albermarle Street, Marrickville)	<ul style="list-style-type: none"> • Site mobilisation including establishing temporary power and water connection • Lifting pole cables at the end of Randall Street higher to allow machinery movement • Cable installation work • Bulk excavation • Concrete work

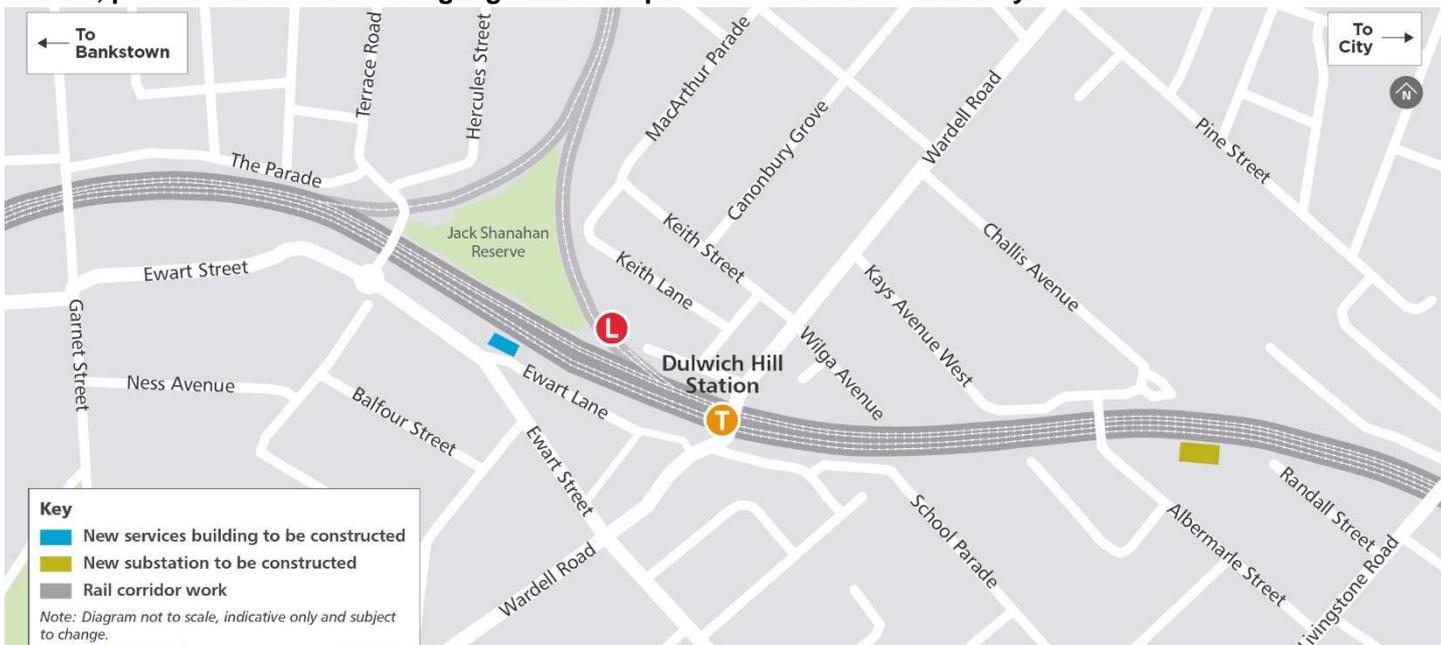

Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for the movement of oversized vehicles. Properties in proximity to scheduled works will be notified prior to works starting.

Date / time	Detail of work and location
Mid-week works between 8pm and 5am from Monday 19 to Friday 23 April 2021 (in addition to daytime work)	<ul style="list-style-type: none"> • Installation of signal equipment and cabling inside the rail corridor • Delivery of materials on and around platforms 1 and 2 • Hoarding installation • Removal of spoil from the lift pits and services building area • Installation of temporary crossing on Ewart Lane
Between 6pm and 7am Monday 29 March to Friday 30 April 2021 (no more than 3 nights per week)	<ul style="list-style-type: none"> • Investigation activities including non-destructive digging • Installation of signal equipment and cabling

Equipment used for all the above work will include excavators, jack hammers, vacuum trucks, slashers, motorised saws, concrete trucks, sucker trucks, delivery vehicles, borehole drillers, rollers, generators, whacker packers, dump trucks, wood chippers, mulchers, grass cutters, telehandlers, drilling rigs, lifting machinery, elevated work platforms, bobcats, concrete pumps, cranes, cable pulling equipment, road sweeper, compactors, lighting towers, forklifts, water carts, chainsaw, vibrating plates, and hand and power tools.

Access to buildings and driveways will be maintained at all times. Some of this work may be noisy, however we will take every possible step to minimise noise such as switching off equipment when not in use and using non-tonal reversing beepers. **Where temporary footpath changes, car parking removal or lane closures are required for works, traffic control, pedestrian detours and signage will be in place to assist the community.**

Keeping you informed

Properties close to the rail corridor will receive notifications when construction work is scheduled to occur. You can contact us on **1800 171 386** (24 hour community information line). If you have questions about the **substations** please ask for **Grace** or email LinewideMetro@transport.nsw.gov.au. For all other works please ask for **Klia** or email SouthwestMetro@transport.nsw.gov.au. **Thank you for your cooperation while we complete this essential work.**
