

# Notification – Southwest Metro

Wiley Park – September 2021

Sydney Metro is Australia’s biggest public transport project.

*Safety of the community and workers is Sydney Metro’s top priority. Covid-19 safety measures include the wearing of masks, sites working to 50% capacity, separation of workforce, vaccination and compliance testing, and a COVID marshal to check for compliance and to support workers.*

Services started in May 2019 in the city’s North West with a train every four minutes in the peak. Metro rail will be extended into the CBD and beyond to Bankstown in 2024. There will be new CBD metro railway stations underground at Martin Place, Pitt Street and Barangaroo and new metro platforms at Central.

In 2024, Sydney will have 31 metro railway stations and a 66 km standalone metro railway system – the biggest urban rail project in Australian history. There will be ultimate capacity for a metro train every two minutes in each direction under the Sydney city centre. The upgrade of the T3 Bankstown Line to metro standards between Sydenham and Bankstown received planning approval on 19 December 2018.

**In September, work will continue along the corridor and at Wiley Park Station** (weather and site conditions permitting). Access to the rail corridor will be via existing rail corridor/pedestrian access gates. **Day work will be undertaken Monday to Friday 7am-6pm and Saturday and Sunday 7am-6pm** in accordance with *Environmental Planning and Assessment (COVID-19 Development – Construction Work Days) Order (No.3) 2021*. All work activities are subject to relevant approvals. The map on page 2 shows location details.

Location	Detail of day work
Wiley Park (along the rail corridor and around Wiley Park Station)	<ul style="list-style-type: none"> <li>• Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing</li> <li>• De-vegetation and tree clearing throughout the rail corridor where required</li> <li>• Installation of fencing, cable service routes and galvanised steel troughing (GST)</li> <li>• Delivery of plant and material including preparatory activities for upcoming out-of-hours work</li> </ul>
Wiley Park Station	<ul style="list-style-type: none"> <li>• Ongoing construction of the new platform services building</li> <li>• Ongoing constructions works around the lifts and the station concourse areas</li> <li>• Construction of the new platform 2 canopy</li> <li>• Continuation of the platform 1 and 2 building refurbishment, including the temporary closure of the toilet facilities (alternative facilities have been provided)</li> <li>• Asbestos removal where required within the rail corridor and around Wiley Park Station</li> <li>• Continuation of the service works on the station and platform areas</li> </ul>
Lakemba substation, north of The Boulevarde, west of Taylor Street	<ul style="list-style-type: none"> <li>• Installing a temporary power connection</li> <li>• Bringing in and removing material</li> <li>• Installing site amenities</li> <li>• Reinstating the perimeter fence</li> <li>• Excavation</li> <li>• Tree trimming and removal</li> <li>• Traffic control to facilitate truck movements on The Boulevarde</li> </ul>

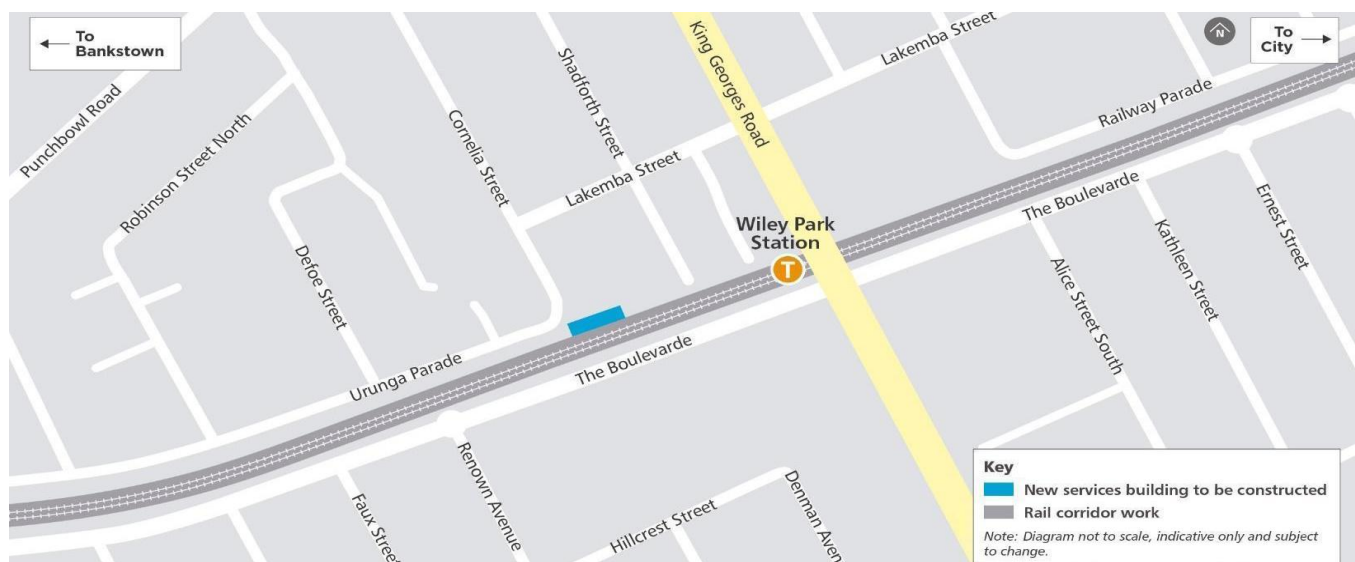

### Out-of-hours work

Due to the nature of some activities and for the safety of workers, some work will occur outside standard construction hours when trains are not running. Some equipment will also be delivered outside standard construction hours in line with Transport for NSW requirements for the movement of oversized vehicles. Properties in proximity to scheduled works will be notified prior to work starting. More information about this work is provided over the page.

Date / time	Detail of work and location
Mid-week works between <b>6pm and 7am Monday 6 September to Friday 1 October 2021</b> for no more than 3 nights per week (in addition to daytime work)	<ul style="list-style-type: none"> <li>• Installation of signal equipment</li> <li>• Various site investigations and surveys including but not limited to non-destructive digging, soil assessments, geotechnical investigations and surveys for drainage, utilities, and fencing</li> </ul>

Equipment used for all the above work will include excavators, jack hammers, vacuum trucks, slashers, motorised saws, concrete trucks, sucker trucks, delivery vehicles, borehole drillers, rollers, generators, whacker packers, dump trucks, wood chippers, mulchers, grass cutters, telehandlers, crane trucks, drilling rigs, lifting machinery, elevated work platforms, bobcats, concrete pumps, cable pulling equipment, compactors, lighting towers, forklifts, water carts, chainsaw, vibrating plates, and hand and power tools.

Access to buildings and driveways will be maintained at all times. There may be some noise, dust and vibration impacts associated with these works which at times will be loud and disruptive. We will take every possible step to minimise noise such as switching off equipment when not in use and using non-tonal reversing beepers. **Where temporary footpath changes, car parking removal or lane closures are required for works, traffic control, pedestrian detours and signage will be in place to assist the community.**

### Keeping you informed

Properties close to the rail corridor will receive notifications when construction work is scheduled to occur. You can contact us on **1800 171 386** (24 hour community information line). If you have questions about the **substations** please ask for **Grace** or email [LinewideMetro@transport.nsw.gov.au](mailto:LinewideMetro@transport.nsw.gov.au). For all other works please ask for **Rachel** or email [SouthwestMetro@transport.nsw.gov.au](mailto:SouthwestMetro@transport.nsw.gov.au). **Thank you for your cooperation while we complete this essential work.**

<b>Planned 24/7 Rail Possessions*, Sep-Nov 2021*</b> More detail will be provided closer to the date (*subject to change)	<ul style="list-style-type: none"> <li>• 16-22 October</li> <li>• 23-24 October</li> <li>• 6-7 November</li> </ul>
