

Project update – Glenwood pedestrian link

April 2021

Sydney Metro is Australia's biggest public transport project. Metro North West services started in May 2019, with 13 stations and 4000 new commuter car parking spaces.

The fast, safe and reliable driverless metro trains are fully-air conditioned with new customer benefits like multi-purpose spaces for luggage and parents with prams, as well as wheelchair spaces and priority seating in each carriage.

Georgiou Group has been awarded the contract to deliver the Glenwood pedestrian link.

Sydney Metro upcoming work on Glenwood pedestrian link

During March 2021, the project team at Georgiou undertook demolition works on site. These included:

- Mobilisation of materials to site in preparation for demolition.
- Establishment of site facilities.
- Main demolition and removal of the house
- Site clean-up

Work to be undertaken during April 2021 includes:

- Commencement of civil works. These works include:
 - Preparation of land
 - Geotechnical testing for footings
 - Preparation of pedestrian link layout including excavation works

What to expect during these works:

- Delivery vehicles and machinery will require access to the project site at 1 Swansea Court. All deliveries will occur during standard working hours.
- Use of surveying and measuring equipment by the project team.
- Some work may result in noise and vibration impacts. The project team will limit these impacts wherever possible.
- Dust suppression mitigation will be in place where necessary including watering down the area using misters, covering loose material and removing any debris from site immediately, reducing stockpiling.
- Access to nearby residences and driveways will be maintained at all times.

Construction hours will be maintained to standard construction hours wherever possible, **Monday to Friday 7am to 6pm and Saturday 8am to 1pm.**

Should any circumstances arise where out of hours work is required a notification will be sent to properties that are directly affected and steps will be taken to minimise the disruption to local residents and workers.

Map of Glenwood Pedestrian Link work area

Sydney Metro will continue to undertake work across its projects in accordance with current Government advice, and will continue to implement social distancing and travel and hygiene measures to protect employees and members of the community.

Thank you for your cooperation while we complete these works.
